Product #: BS-24120

Product Name: Work Bench - Top W/Back And Side Stops, Stringer & Shelf

This product has options. See product details below.

Description: All models constructed of 12 gauge steel tops, back and all side stops, and legs; 16 gauge stringers and shelves. The top, stringer, and legs are all reinforced for additional strength. Standard height of the work benches is 32 1/2" high. Benches can be made 34" high at an additional charge. All benches 96" or longer have three bench legs. Shelves are 15 1/4"D. Drawer units are 1424-1 (14"W x 23 1/2"D x 5"H).

All benches 96" or longer require 3 bench legs.

In addition to our standard colors, we can match any color to fit your application for a minimum charge. Paint chip required.

Pricing Information:

Unit Price: \$432.00

Product #: B-3472

Product Name: Work Bench - Top W/Back And Side Stops And Stringer

This product has options. See product details below.

Description: All models constructed of 12 gauge steel tops, back and all side stops, and legs; 16 gauge stringers and shelves. The top, stringer, and legs are all reinforced for additional strength. Standard height of the work benches is 32 1/2" high. Benches can be made 34" high at an additional charge. All benches 96" or longer have three bench legs. Shelves are 15 1/4"D. Drawer units are 1424-1 (14"W x 23 1/2"D x 5"H).

All benches 96" or longer require 3 bench legs.

In addition to our standard colors, we can match any color to fit your application for a minimum charge. Paint chip required.

Celebrating 23 Years Of Service To The American Workshop!

Since our inception in 1983, Grizzly Industrial Inc. has grown into one of the largest machinery companies in the United States. Our products can be found in all sizes of shops from the large industrial production users to the smaller cabinet and machine shops.

We have the widest product selection under one brand in the world and we sell direct to the user, cutting out the dealer network, and resulting in lower prices to you. We ship 99% of all orders the same day and with over a million square feet of warehouse space packed with inventory in three strategic locations around the country, your order can get to you within a few days.

Our goal is simple - provide the best equipment at the lowest possible price and treat customers like we would want to be treated! Try us - you will not be disappointed. For a sampling of our customers, [click here](#). To learn more about Grizzly, click the "Inside Grizzly" button on the left.

HOT SPECIALS!

16 PIECE FORSTNER BIT SET WITH GROUND TIPS & HEX SHANK

Improved back angles and precision grinding result in faster, smoother cutting and easier chip removal. Sharp, high carbon steel and hex shanks for no slippage make boring a breeze. Includes 1/4", 3/8", 1/2", 5/8", 3/4", 1", 1 1/4", 1 1/2", 1 3/4", 1 1/2", 1 3/4", 1 1/2", 2" and 2 1/4". The unique folding wooden case allows the lid to fold completely under the bottom and bit storage racks tilt out for easy access.

- Precision ground teeth (in and out) for faster, smoother cutting
- Improved teeth back angle for easier chip removal
- Unique folding wooden case allows the lid to fold completely under the bottom
- Tilting bit storage

New! **H6334 ONLY \$29⁹⁵**

2 PIECE SPRAY GUN SET

Set includes:

- High pressure spray gun with fully adjustable pattern control, dripless canister vent, siphon feed, external mix for fine atomization, 1 liter spun aluminum canister and 1.8mm paint nozzle.
- Touch up spray gun with siphon feed, fully adjustable pattern control, 20ml spun aluminum canister and 1.4mm paint nozzle
- Two female and one bayonet hose connectors
- Plastic carrying case

H6331

New! **ONLY \$34⁹⁵**

LED COOL WORK LIGHT

This shatterproof LED Work Light has the same brightness as an 80 watt bulb, but without the heat. Designed to take the abuse of a shop environment, it's great for hanging under the hood using the built-in swivel hook or just grabbing the handle for quick troubleshooting. Includes a 12 volt transformer and 25' of cord.

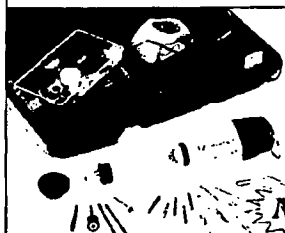

- Shatterproof
- 60 LEDs
- Swivel hook for hanging
- Push button on/off
- Great for automotive work

LETTER FROM THE PRESIDENT

Hello Fellow Tool Lovers,

Welcome to the world of Grizzly where we bring to you the absolute largest selection of woodworking and metalworking machinery in the world under one brand.

This year we have added numerous machines and accessories, expanding our range even farther and making this 564 page catalog our largest ever. The question we get asked all the time is "why are your prices so low?". The answer is simple—we sell direct to the user. There is no distributor or dealership network and no additional markup. We have also built 3 large facilities strategically placed within the U.S. With almost a million square feet of warehouse space packed to the rafters with inventory we are able to deliver your order to you quickly from the closest location. 95% of the orders are shipped the same day they are received.

The quality of our products is second to none. We have dozens of engineers on staff here in the USA and at our two offices overseas. We have one of the largest parts departments in the tool business with over 90,000 different parts and over a million parts in stock at any given moment. You are also dealing with people that know tools. I have a complete woodworking and metalworking shop in my home with over 3,000 square feet of space and love using Grizzly tools (an unbiased opinion ☺). Numerous other people in my organization from the Vice President, the Quality Control Manager and others at all levels are avid users of machinery and tools. If there is a problem, it gets fixed fast! You can buy with complete confidence.

Finally, my personal thanks to all of our loyal customers that have helped make Grizzly one of the largest brand names in the tool business. Your business is appreciated and we will not let you down!

Sincerely,

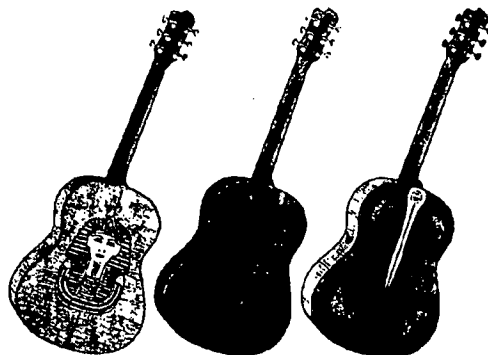

S. Balolia

S. Balolia
President

P.S. While there are many new machines and items in this catalog, the most exciting product group is the new modular storage cabinets on pages 237-239. Organize your garage, shop or room with our attractive cabinets that you can add to as needed.

If you have a problem with a Grizzly machine, see BIG MAC, manager of our Complaint Dept.!
(He quickly neutralizes unruly customers with 1800 lbs. of charm!)

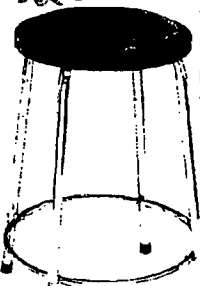

Some of the guitars built by the President of Grizzly! Check out page 7 for his latest creation that he was still working on when the cover went to press!

PRESIDENT'S INCREDIBLE SPECIALS

WORKSHOP STOOL

New!

This padded Workshop Stool measures 25" high with a 14" diameter fixed seat. Four legs with rubber feet and 20" diameter stance provide plenty of stability for any workshop use. Features foot bar and tough vinyl seat covering.

CUSTOMER REFERENCE SERVICE

If you are interested in a specific Grizzly machine, just call us Toll-Free and we'll locate a customer near you who has purchased the equipment you are shopping for so you can get a first hand unbiased report from someone who is actually using our product.

We are proud of the fact that we are the only company in the United States to offer this unique service. We think it clearly illustrates the confidence we have in our equipment.

PLANERS

15" PLANER WITH OPEN STAND

INFEED AND
OUTFEED ROLLER
TABLE EXTENSIONS
AND 4" DUST
COLLECTION HOOD
ARE STANDARD.

STATIONARY TABLE
LETS YOU USE
ROLLER STANDS
WITHOUT
CONSTANT
ADJUSTMENT.

**A GOOD-SIZED,
HEAVY-DUTY PLANER AT
AN AFFORDABLE PRICE —
EXCLUSIVELY
FROM GRIZZLY!**

FEATURES:

- 4 heavy-duty support columns make vertical adjustment rigid and accurate
- 3-knife cutterhead is ball bearing supported and powered by twin V-bolts from the motor!
- Up/down calibrations are both inch and metric
- Automatic infeed and outfeed rollers are chain driven and feed the work evenly for a smooth finish

- Front power feed roller is metal and spiral serrated. Rear power feed roller is machined metal
- Table is precision ground cast iron
- Drive gears run in oil bath
- Infeed and outfeed rollers extend 14" on each side of table
- Head locks prevent movement while planing
- Magnetic switch is standard equipment and provides overload protection

SPECIFICATIONS:

- Motor: 2 HP, 220V, single-phase, 18 Amps, 3450 RPM
- Maximum cutting width: 14 1/2"
- Maximum cutting height: 6 1/4"
- Maximum cutting depth: 1/4"
- Minimum stock length: 8"
- Minimum stock thickness: 3/16"
- Feed rate: 16 FPM & 20 FPM
- Cuts per inch: 21 & 26
- Table size: 14 1/2" x 20"
- Number of knives: 3 HSS
- Cutterhead speed: 5000 RPM
- Cutterhead diameter: 3"
- Knife size: 15" x 1" x 1/4"
- Dust port: 4"
- Overall dimensions: 50 1/4"H x 48 1/2"D x 28 1/2"W
- Approximate shipping weight: 448 lbs

15" PLANER WITH CLOSED STAND

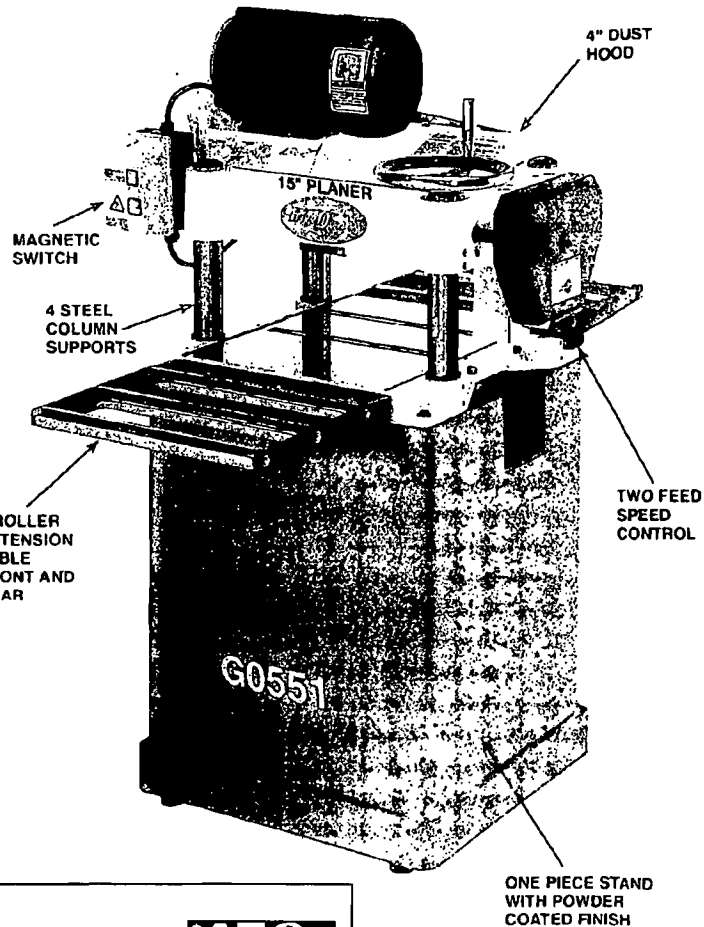

No where will you find a planer with cast iron construction, a powerful induction motor, a magnetic switch with thermal overload protection, a welded one-piece steel stand and a surface ground table at this price except at Grizzly. We always bring more machine for your money and are very proud to offer this incredible workhorse. With the stationary table and moveable head, there is no need to change support stand heights when planing and the included 4" dust port will help keep your shop clean. Now you can own a heavy-duty planer for less than others charge for a benchtop model.

FEATURES:

- Roller extension tables
- Handwheel depth adjustment
- Chip breaker
- Hand locks
- Inch and metric scale
- Precision ground cast iron table
- Twin V-belt drive to the cutterhead
- Chain drive to the feed rollers
- One piece cutterhead with 3 knife slots
- Infeed roller is spiral serrated
- Magnetic switch with thermal overload protection
- One piece cabinet style stand with powder coated finish

SPECIFICATIONS:

- Motor: 3 HP, 220V, single-phase, 18 Amps, 3450 RPM
- Maximum cutting width: 14 1/4"
- Maximum cutting height: 6 1/8"
- Maximum cutting depth: 1/8"
- Minimum stock length: 8"
- Minimum stock thickness: 3/16"
- Feed rate: 16 FPM & 20 FPM
- Cuts per inch: 21 & 26
- Table size: 14 1/4" x 20"
- Number of knives: 3 HSS
- Cutterhead speed: 5000 RPM
- Cutterhead diameter: 3"
- Knife size: 15" x 1" x 1/4"

PLANERS

15" PLANER WITH CABINET STAND

SERIES

Once again, we've taken one of our best selling machines and added extra features to make this the best 15" planer on the market at a truly amazing price. Features like extra large ball bearing return rollers, large side mounted hand wheel, cabinet style stand, internally mounted 3 horsepower motor and powder coated paint for years of protection and good looks make this planer a machine to be reckoned with.

FEATURES:

- All ball bearing construction with powerful 3 HP, single-phase motor, 18 Amp
- 4 heavy-duty support columns make vertical adjustment rigid and accurate.
- 3-knife cutterhead is ball bearing supported and powered by triple V-belts from the motor!
- Includes jack screws and accessory springloaded knife setting kit.
- Comes complete with 3 HSS knives and 3 piece knife setting tool.
- Elevation scale is both inch and metric.
- Automatic infeed and outfeed rollers are chain driven and feed the work through evenly for a smooth finish. Anti-kickback fingers prevent the board from backing up.
- Front power feed roller is metal and spiral serrated. Rear power feed roller is metal and minutely straight serrated.
- Table is cast iron and is precision ground to a mirror like finish.
- Drive gears run in oil bath.
- Table measures 15" x 20".
- Infeed and outfeed rollers extend 15" on each side of table.
- Dual table locks prevent movement while planing.
- Magnetic switch is standard equipment and gives overload protection.
- Minimum thickness of board that can be fed is 1/4".

SPECIFICATIONS:

- Motor: 3 HP, 220V, single-phase
- Maximum cutting width: 14 1/2"
- Maximum cutting height: 6 1/4"
- Maximum cutting depth: 1/8"
- Feed rate: 16 FPM & 20 FPM
- Number of knives: 3
- Cutterhead speed: 5000 RPM
- Knife size: 15" x 1" x 1/4"
- Approximate shipping weight: 541 lbs.

**ROUTER
TABLE**

SLIDING TABLE ROUTER TABLE

If you've already invested in a big router and lots of router bits, but want the benefits of a solid stationary shaper, then this Sliding Table Router Table is for you. The sliding table makes material processing much easier and safer, particularly when making raised panels. The split fence is easy to adjust and provides full support along both sides of the workpiece. Other features include a 2" dust hood, tilt-up table for easy router access, universal router mount and sturdy stand with a convenient shelf.

FEATURES:

- Accepts any brand of portable router from ¼ HP to 5 HP
- Cast iron table
- Table can be tilted 45° for convenient router installation
- Extruded aluminum sliding table and fence
- Sliding table provides an effortless and extremely smooth operation
- Sliding table includes a toggle clamp for fast clamping
- 2" dust hood
- Includes steel stand with shelf
- Convenient front mounted switch

SPECIFICATIONS:

- Main table surface: 30½" x 9½"
- Sliding table surface: 30½" x 12½"
- Table insert diameter: 4"
- Table height: 34"
- Fence size (x2): 10½" x 2"
- Approximate shipping weight: 137 lbs.

HEAVY-DUTY WOOD LATHE

A high quality, heavy-duty cast iron bed wood lathe that we were almost "ordered" by our customers to bring in! This is one of the best package deals we offer. We ask you to compare all of the features and accessories to others on the market. We are confident enough to say this is the best value out there. Call and ask for a reference.

AN INSTANT "HIT"
WHEN INTRODUCED
IN EARLY 1988,
THIS LATHE
HAS PROVEN TO BE
AN EXCELLENT
PERFORMER!

All ball

QUICK SPEED
SELECTOR

FEATURES:

- Motor: 3/4 HP, 110V/220V, single-phase
- Swing over bed: 14"
- Swing over gap: 17"
- Distance between centers: 40"
- Spindle size: 1" x 12 TPI RH
- Spindle taper: MT #2
- Tailstock taper: MT #2
- Indexed spindle - Every 30°
- 7 speeds: 500 - 3070 RPM
- Center to floor height: 41"
- Outboard spindle size: 3/4" x 16 TPI/LH
- Approximate shipping weight: 276 lbs.

INCLUDES:

- Cabinet Stand & Shelves
- 8" Sanding Disc
- 6" Face Plate
- Live Center/Spur Center
- Flap Sander
- Pneumatic 4" x 6" Drum Sander
- Two Tool Rest Mounts
- Aluminum Sanding Table
- Miter Gauge

OSCILLATING SPINDLE SANDER EXCLUSIVE 25" x 25" TABLE!

This sander's big 25" x 25" table makes cabinet doors and other large projects a breeze to edge sand and the wide variety of interchangeable spindles turn custom work into child's play. Our Spindle Sander will satisfy the needs of both the professional and serious hobbyist. We back this up with our warranty, parts and service.

FEATURES:

- Motor: heavy-duty 1 HP, 110/220V, single-phase, TEFC
- Cast iron 25" x 25" table tilts to 45°
- Ten spindle sizes: 1/4" x 5", 3/8" x 6", 1/2" x 5", 5/8" x 6", 3/4" x 9", 1" x 9", 1 1/8" x 9", 2" x 9", 3" x 9", 4" x 9", tapered and threaded
- Floor to table height of 35 1/2"
- 1725 RPM spindle speed
- Includes formed and welded steel stand
- Spindle oscillates at 72 strokes-per-minute
- Stroke length: 1 1/2"
- Built-in 4" dust collection port
- Lubricated for life ball bearings
- Features ground steel table inserts and 100 grit sleeve for each spindle
- Powder coated paint
- Approximate shipping weight: 296 lbs.

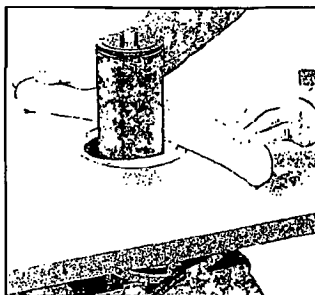

MINI SHOP FOX® MOBILE BASE

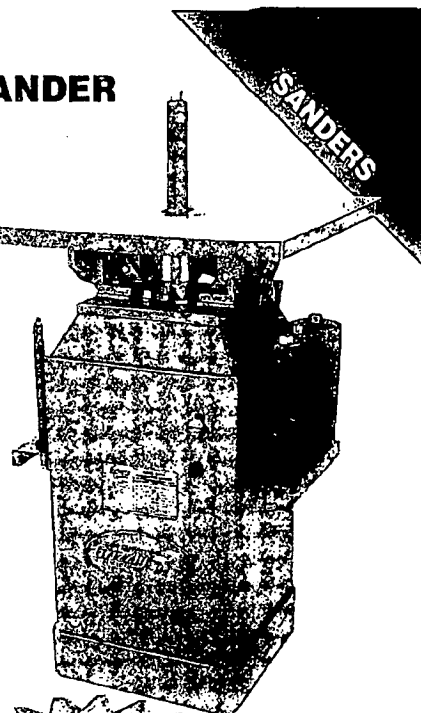

Adjusts from 10 1/2" x 14 1/2" to 17" x 21 1/2".
Weights 32 lbs.

BUFFING

INDUSTRIAL BUFFING MACHINES

**MADE TO OUR SPECIFICATIONS
AND ONLY AVAILABLE FROM US!**

We have resolved the age old problem of bumping into the motor housing when buffing.

These Buffing Machines are designed for buffing large (bulky) items, where it is critical to have clearance to properly buff as well as prevent damage to the item being buffed.

Excellent for projects like buffing guitar bodies, bowls, pool cues, etc. All of the models shown below have special motors that turn at the slower RPMs that are required for large wheels and prevent burning off the finish.

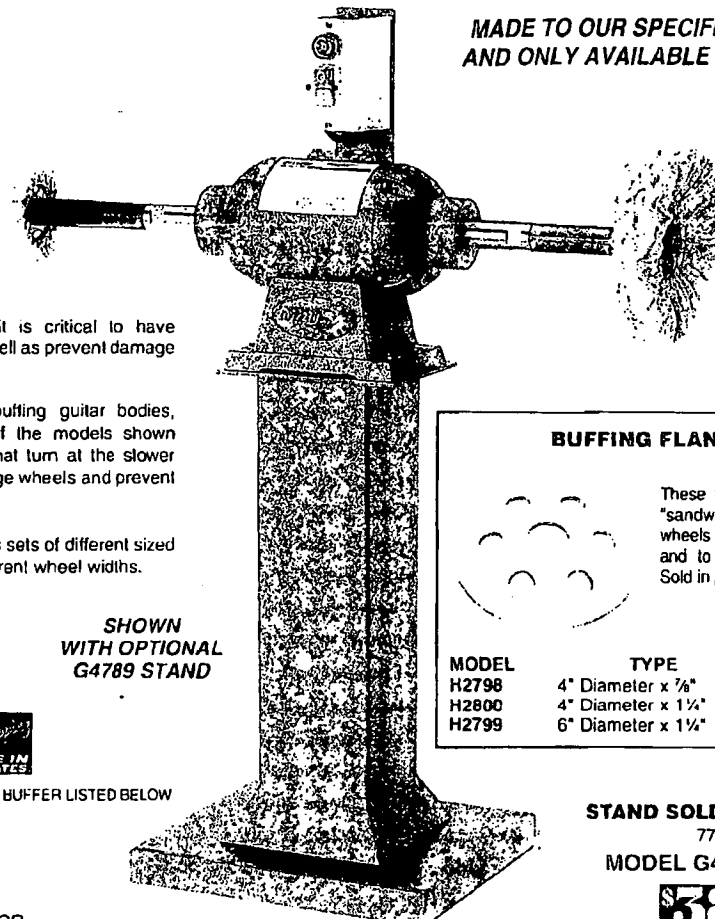

Each Buffing Machine includes sets of different sized spacers to accommodate different wheel widths.

VARIABLE SPEED BUFFING MACHINE

NS
US!

buffer has been designed for guitar manufacturers who deal in a variety of finishes and large wheel sizes that need to turn slower. There is nothing worse than being in the final stages of buffing a finished guitar and burning the finish off because the buffing wheels are turning too fast. This is a problem that many factories have encountered, usually at the hands of an inexperienced person. Avoiding one such mistake can pay for this buffer. Now, you can use large wheels up to 20" in diameter and turn them as slow as 100 RPM without noticeable loss of torque. The high quality controls we use are imported from Europe and allow you to dial your speed from 100 to 1500 RPM (the speed is clearly shown on the large digital readout). This is a fantastic buffer that is in use at the Fender Custom Shop as well as Suhr Guitars.

MOTORS

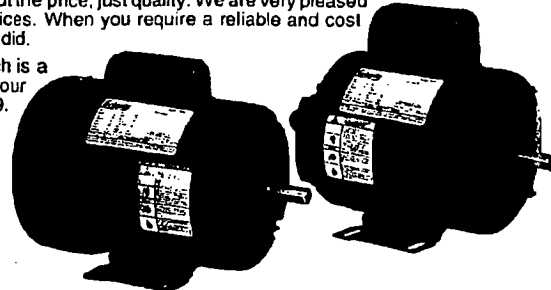

ELECTRIC MOTORS

Taking our incredible buying power with us, we went to one of the top motor manufacturers and asked them to build the absolute best motor they can. We told them not to worry about the price, just quality. We are very pleased to offer these exceptionally high quality motors at discount prices. When you require a reliable and cost effective motor, try one of these. We know you will be glad you did.

All motors are single phase, NEMA 56 frames, except H5373 which is a NEMA 48 frame. For more information, refer to the chart or contact our service technicians. All are reversible except H5385, H5387 and H5389.

**1 YEAR
WARRANTY!**

ROTARY PHASE CONVERTERS

Add 3-phase, multi-motor capability to your single-phase electrical supply! Operate single or multiple motors, transformers, and resistance loads at 100% power and 95% efficiency while saving big dollars at cheaply metered, single-phase electrical rates. Complete step by step instructions are furnished along with complete wire and fusing requirements for various motor loads. Each model operates up to twice its nameplate rating in a mixed-motor load. On heavily loaded or hard-start applications, such as high-speed geared-head lathes and air conditioning compressors, the nameplate rating of the converter you choose should be 2 to 3 times the HP of the most heavily loaded motor. See the individual 3-phase machine pages for phase converter recommendations. For application assistance, please call our technical support group at (570) 546-9663.

FEATURES:

- Cool and quiet operation
- Operates 3-phase motors at full power
- 95% electrical efficiency
- Drip proof cast iron casing
- Single or multiple loads
- Identical input/output voltages
- Choose from 5, 10, 15, 20 or 30 HP models

15, 20 & 30 HP MODELS ARE "STACKABLE" FOR HIGHER HP REQUIREMENTS!

MODEL	NAME PLATE	STARTING CAPACITY	SHIPPING WEIGHT	PRICE

PHASE CONVERTERS

Patented solid-state starting relays ensure that these Autogen Static Phase Converters will provide your moderately loaded 3-phase motor with just the right energy at the right time to operate flawlessly on single-phase power. Autogen Static Phase Converters offer instant reversing and full time 3-wire power on motors operated at 70% continuous HP or 90% intermittent (< 15 min.) duty. Simple installation requires 30 minutes or less. Includes complete, easy to read instructions. See the individual 3-phase machine pages for phase converter recommendations. For heavily-loaded applications see Rotary Phase Converters to the left.

FEATURES:

- Heavy duty starting circuit
- Instant motor reversing
- Full time 3-wire power
- Solid state circuitry
- Compact and convenient
- Operates on 200-250 volts AC
- 50-60 Hz operation
- Step by step instructions

**2-YEAR
WARRANTY!**

HEAVY-DUTY ELECTRIC MOTORS

Made to demanding specifications, these motors feature the same quality as the motors we install in our heavy-duty machines. All our motors are standard NEMA 56 frames and fit over 90% of the woodworking machinery on the market. If you have applications where dust, oil, chips or other foreign particles are the norm rather than the exception, you should use the Totally Enclosed Fan Cooled Motors (ENCLOSED).

By popular demand, we have added the Open Drip Proof Motors (OPEN). These high quality motors are excellent replacement motors for use in relatively clean environments. Ideal for drill presses, fans and bench machinery, all motors are dual voltage (110/220V) capacitor start. They feature standard NEMA 56 frames, all ball bearing construction, reversible rotation, 3/4" shafts, and are rated for continuous duty.

SWITCHES

Our G8988 "paddle" type switch is a direct replacement for our machines and many others. With its removable safety "key" and large, easy to hit paddle, it is one of the safest switches you can have in your shop. If space is a problem, the G8989 keyed safety switch has all the features as the G8988, except it does not have the large "paddle". The G8992 "snap-in" magnetic safety switch with sealed buttons and "spade" type terminals is the perfect replacement or upgrade switch. The G8991 is the same as the G8992, but includes a mounting faceplate. The G8990 is similar to the G8992, but has a higher amperage capacity.

CROSS SLIDING VISE

This vise features an exclusive slide bar to prevent the jaws from tilting up or sideways when tightening. Adjustable gibs take up any slack on both top and bottom slides. Use this vise on your drill press for cutting keyways and doing light milling jobs.

SPECIFICATIONS:

- Overall height: 5 1/4"
- Large 4" capacity
- Base measures: 5" x 10 1/2"
- Jaw width: 4"
- Jaw opening: 3 3/4"
- Bottom slide travel: 4"
- Top slide travel: 4"
- Approximate weight: 22 lbs.

MODEL G1064 ONLY \$44⁹⁵

PRISMATIC JAW

Optional prismatic jaw for holding different sizes of round stock vertically or horizontally. A MUST!

MODEL G1065 ONLY \$7²⁵

VICE ADAPTERS

Convert your cross sliding vise into a vise table. Precision engineered to easily replace the table on our drill presses. Model G1162 fits our older G1199, G1200, G4008 and G4009 drill presses with 47mm dia. posts.

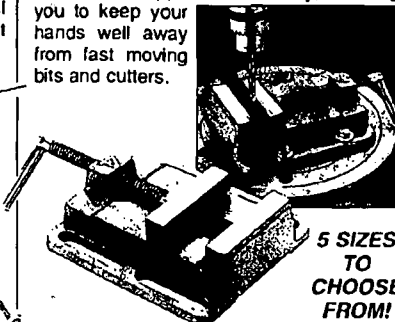

Model G7959 fits our drill presses Models G7: 43 and G7944.

MODEL G1162 4" ONLY \$19⁹⁵
MODEL G7959 6" ONLY \$19⁹⁵

DRILL PRESS VISES

If you use a drill press and value your fingers, you need one of these. Made from high-grade cast iron, these hefty horizontal vises offer support and stability, allowing you to keep your hands well away from fast moving bits and cutters.

GRIZZLY® ANVILS

These classically designed Anvils have always had a special place in the shops of blacksmiths, farriers and ironworkers — yet they are quickly becoming a mainstay for any craftsman who demands a solid surface for fabricating architectural details, artwork and other custom metalwork. Perfect for flattening or forming a wide range of metals, these brawny cast iron anvils are carefully milled and polished to provide exceptionally smooth working surfaces. Each anvil includes a square hardy hole and built-in notches for secure bench attachment. These handsomely finished anvils are a welcome addition to any workshop.

GRIZZLY® 55 lb. ANVIL

This 55 lb. Anvil measures 6" wide x 14½" long x 6½" high and has a 5½" horn and 4" x 8½" face with 1" square hardy hole.

"GRIZZLY GREEN" TOOL BOXES

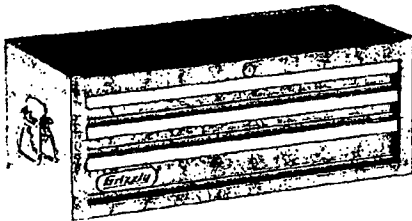

When we started selling our red tool boxes about six years ago, we were inundated with phone calls from customers asking us to bring on green tool boxes to match the Grizzly® green machines they had in their shops.

It took us a couple of years, but the tool boxes you see on these two pages are of superb quality consisting of heavy gauge steel, long lasting powder coated paint to match our machines exactly and ball bearing drawer slides that are simply "delicious". Even our small three drawer middle chest and the six and nine drawer top chests have ball bearing drawer slides, unheard of in these sizes of chests. Pull one open and you feel the drawer glide ever so smoothly; push it with one finger and it slides back in. Wedge locks on the insides prevent fully closed drawers from sliding open accidentally.

TIME TO REPLACE THOSE OLD, TIRED TOOL BOXES WITH OUR GORGEOUS POWDER COATED "GRIZZLY GREEN" BOXES.

3 DRAWER MIDDLE CHEST WITH BALL BEARING SLIDES

- Powder coated finish in "Grizzly Green"
- Aluminum extruded drawer handles
- Four pins on the four corners to tie in with the tool chest
- 10mm protective mat on the top of the chest
- Heavy-duty side handles • 3 pieces protective drawer liners
- Overall dimensions: 26"W x 12"D x 9.8"H
- 2 drawers: 22.5"W x 10.5"D x 1.6"H
- 1 drawer: 22.5"W x 10.5"D x 2.5"H
- Includes lock & keys
- Weighs 36 lbs.

THE AMAZING SHOP FOX® MOBILE BASES

MOBILE BASES

G7315
shown holding
up 5,000 lbs.
during
SHOP FOX®
testing!

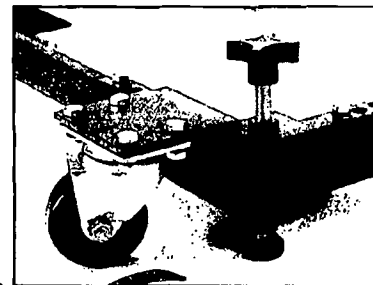

Wood® magazine
Oct 1999

"When we reviewed mobile bases in the December 1998 issue, we preferred those models that could change in size to adapt to different machines, had four points of support for stability, featured rigid construction for holding heavy machines with good stability, could maneuver in tight shops, and required no tools for leveling. That's quite a list of demands, and none of the mobile bases filled the whole bill - until now.

After testing two sizes of the new SHOP FOX® mobile bases we give them high grades in all of the above mentioned areas."

Panther WHEELS/CASTERS

HEAVY-DUTY FIXED CASTERS

Rugged, heavy-duty wheels with an injection molded polyurethane elastomer tire surface. Polyurethane is hard wearing, handles high loads and will not mark the floor. Caster mounting pad has slotted holes with a 3" x 3 1/2" rectangular hole pattern. Wheels have roller bearings which can be re-greased using the grease fitting. Wheels are all 2" wide.

MODEL	WHEEL DIA	HEIGHT	CAPACITY	PRICE
G8164	4"	5 1/4"	550 lbs.	\$7.50
G8165	5"	6"	600 lbs.	\$9.50
G8166	6"	7"	725 lbs.	\$12.95
G8167	8"	9 1/2"	770 lbs.	\$15.95

HEAVY-DUTY FIXED CASTERS WITH BRAKES

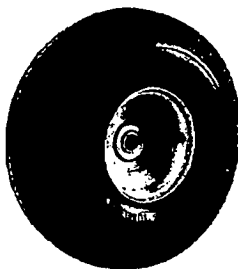

All the same great features and dimensions as the casters described above, with the addition of a sure lock braking system. Foot operated pedal seats the steel friction pad against the outer diameter of the wheel, holding it in place until you turn it loose with a flick of the toe.

MODEL	SIZE	CAPACITY	PRICE
G8168	4"	550 lbs.	\$8.50
G8169	5"	600 lbs.	\$10.95
G8170	6"	725 lbs.	\$13.95
G8171	8"	770 lbs.	\$17.95

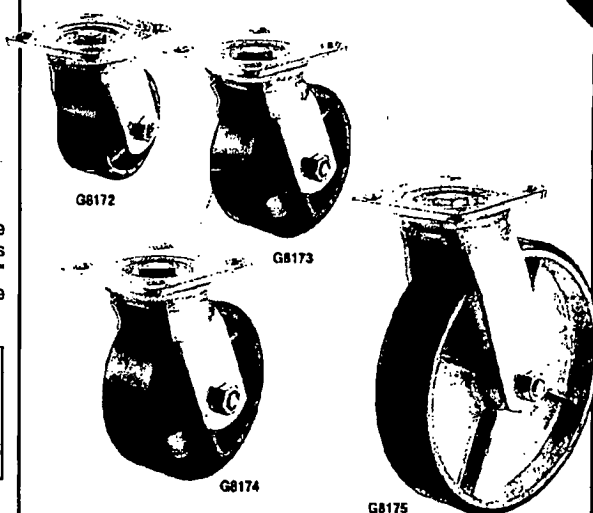

10" TUBELESS WHEEL

Excellent replacement for wheelbarrows, air compressors, carts or any type of equipment needing a large pneumatic wheel. Hub is 4 1/2" diameter with a 3/4" bore and has two sets of roller bearings. The reverse side from the one shown has a 1 1/2" deep boss extending out with a fitting for greasing the bearing. The tire is 2-ply nylon rated for a max load of 260 lbs. at 30 PSI inflation. Tire size is 10" / 3.50-4.0 with an overall thickness width of 3.5" and a ribbed tread design. Not for highway use.

MODEL	SIZE	PRICE
G8751	10"	\$8.95

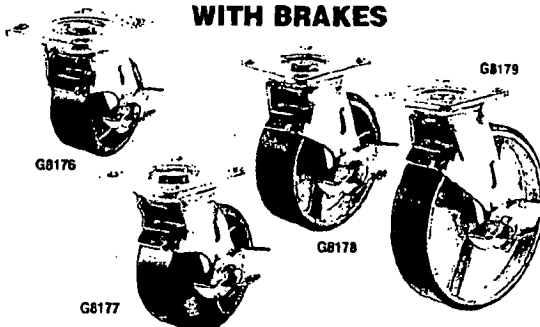

HEAVY-DUTY SWIVEL CASTERS

Do a little free-wheelin' with these fantastic 360° Swivel Casters. Grease fittings for the swivel and the wheel bearing makes maintenance easy. Polyurethane molded tire has great wear characteristics and won't leave a mark! Mounting pad has a 3" x 3 1/2" rectangular hole pattern.

MODEL	WHEEL DIA	HEIGHT	CAPACITY	PRICE
G8172	4"	5 1/4"	550 lbs.	\$8.50
G8173	5"	6"	600 lbs.	\$9.50
G8174	6"	7"	725 lbs.	\$13.95
G8175	8"	9 1/2"	770 lbs.	\$17.95

HEAVY-DUTY SWIVEL CASTERS WITH BRAKES

Now you can get the Swivel Casters described above with a foot operated brake. Just get your cart or machine into place, and with an easy step on this locking pad, you have fixed your load in place. It won't budge until you release it!

MODEL	SIZE	CAPACITY	PRICE
G8176	4"	550 lbs.	\$9.50
G8177	5"	600 lbs.	\$10.95
G8178	6"	725 lbs.	\$14.95
G8179	8"	770 lbs.	\$18.95

CASTERS

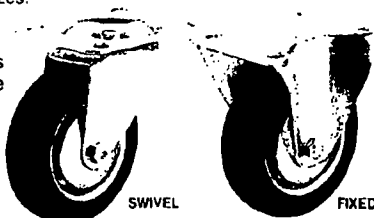

CASTERS

BLACK RUBBER CASTERS

Heavy-duty solid rubber tire casters are perfect for whatever you need to move. In fixed and swivel versions with three different wheel sizes.

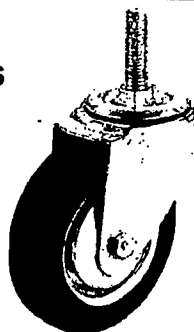

On the 4" and 5" models the mounting bolt pattern measures 2 1/8" x 2 3/8", on the 6 1/4" size, the bolt pattern is 4 1/8" x 2 15/16". Integral hub shield helps keep dirt and foreign objects out.

MODEL	SIZE	CAPACITY	PRICE
H0637	4" FIXED	154 LBS.	\$4.95
H0638	5" FIXED	220 LBS.	\$6.50
H0639	6 1/4" FIXED	320 LBS.	\$8.50

H0642	6 1/4" SWIVEL	320 LBS.	\$9.50

BLACK RUBBER THREADED CASTERS

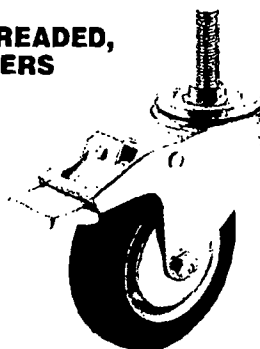

Put your world on wheels! Heavy-duty solid rubber tires, ball bearing swivel and hub shields make these a great value. Threaded stud measures 40mm in length with a M12-1.75 thread.

MODEL	SIZE	CAPACITY	PRICE
H0643	4" SWIVEL	154 LBS.	\$6.50
H0644	5" SWIVEL	220 LBS.	\$6.95
H0645	6 1/4" SWIVEL	320 LBS.	\$9.50

BLACK RUBBER THREADED, LOCKING CASTERS

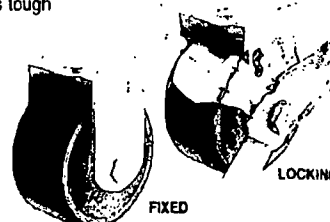

Positive locking brake pedal not only stops the wheel from rotating, but it also locks the swivel in place. Threaded stud measures 28 mm in length with a M12-1.75 thread. Ball bearing swivel allows quick change of direction.

MODEL	SIZE	CAPACITY	PRICE
H0646	4" SWIVEL	175 LBS.	\$6.50
H0647	5" SWIVEL	240 LBS.	\$7.50
H0648	6 1/4" SWIVEL	330 LBS.	\$10.95

HEAVY-DUTY INDUSTRIAL CASTERS

Talk about heavy-duty. Welded steel plate is almost 1/4" thick and measures 3" x 3 1/2". The wheel hub is tough cast iron. The locking model has a cam action locking feature with an ON and OFF foot pedal. Wheels have sealed bearings which can be greased using the special fitting. Molded polyurethane tread.

MODEL	SIZE	CAPACITY	PRICE
H0649	4" FIXED	550 LBS.	\$13.95

SOLID PINE MODULAR GARAGE/SHOP STORAGE CABINETS

the
tell
on
ing

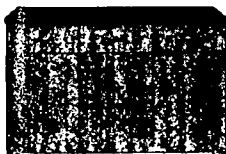

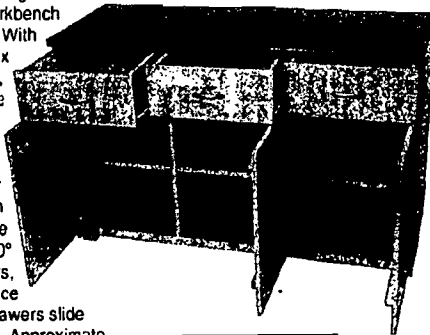

Organize your garage, shop or room with these totally modular solid pine cabinets. Designed to fit together in just about any combination, this group includes a work bench, wall cabinets, shelving units and tall floor cabinets. Start out small and add separate units as your needs grow or outfit your entire shop with plenty of storage for every tool. Reduce clutter and put away all those items that take up so much floor space all over. Imagine driving into your garage and seeing these beauties standing there! Each cabinet is made of full 3/4" thick solid pine sides, doors and shelves (no particle board) and requires easy assembly. All hardware is included along with door and drawer pulls and European style hinges. Add on as your budget allows.

YOUR IMAGINATION IS YOUR LIMIT!

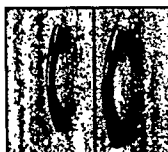

WORKBENCH 60"W x 24"D x 38"H

Plan your shop organization around this Workbench base cabinet. With its rock solid 5' x 2' work surface, three 16 1/4" wide x 18" deep x 7" high drawers and three spacious lower cabinets with single adjustable shelves and 90° swinging doors, it's the centerpiece of efficiency. Drawers slide on steel slides. Approximate shipping weight: 184 lbs.

Panther[™] MAPLE WORKBENCH TOPS

Since the first day Grizzly[®] started, we have been using these Maple Workbench Tops in our shipping and service departments. We estimate that we have over 200 tops in use and expect them to be in service for the next 50 years! Our workbench tops are made of solid 1 1/4" USA grown hard rock (sugar) maple strips that are laminated to each other and then coated with food safe Durakryl finish. The tops, bottoms and all edges are sealed and the appearance is clear, satin smooth, low sheen and natural in color. There is no odor to the finish and they can be cleaned like any other counter surface using soap and water, bleach or nail polish remover.

Build your own workbench using our excellent selection of tops. Our optional adjustable SHOP FOX[®] legs are extremely heavy-duty allowing you to customize your workbench size according to your needs.

150-PC. MEGA BRUSH SET

This Mega Brush Set includes: 50 Foam Brushes with Wooden Handles, 50 Bristle Brushes and 50 Glue Brushes. The Disposable Foam Brushes are ideal for all water and oil based stains and finishes and includes 20 - 1", 20 - 2" and 10 - 3" brushes. The 1", 2" and 3" Bristle Brushes includes 25 - 1", 15 - 2" and 10 - 3" and are inexpensive enough to throw away when finished, saving time and nasty chemical or water clean-up! And finally, the best guarantee for a fail-safe glue joint is to spread the glue evenly over the surface with one of these disposable glue brushes. Glue Brushes include 25 - 1/4" and 25 - 3/4" widths. Glue Brushes are also great for applying soldering flux and pipe dope.

FINISHING

TACK CLOTH

Wipe away dust, dirt and sanding residue prior to finishing. Always soft and tacky, these Tack Cloths are compatible with all paints. Non-toxic and wax and silicon free. Each cloth is individually wrapped, 18" x 36" surgical-grade bleached gauze.

MADE IN USA

MODEL G3003 Pack of 12 ONLY \$8⁵⁰

MODEL G3004 Case of 144 ONLY \$62⁹⁵

HERMITEX® CLOTH

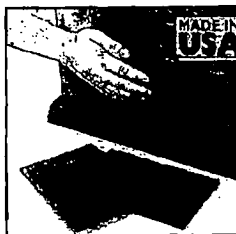

Purified soft cotton fibers are low lint and non abrasive for many applications. The textured weave absorbs 4 times its dry weight in liquids. 100 3-ply crimped sheets are folded in half and measure 10" x 18".

MODEL H5289 ONLY \$15⁹⁵

SCUFF-RITE® PADS

Great for all sanding applications. Pads are made of non-woven synthetic fiber bonded with aluminum oxide (Green and Maroon) or silicon carbide (Gray). They won't rust, stain or shred and are washable for repeated use. Pads are also excellent for use with most solvents. Each pad is 6" x 9".

McFADDEN'S COLOR GELS

Since 1875 Lawrence McFadden has made superior finishing products that are in use in all industries. Wipe-on gels are easy to apply and produce a finish of beautiful consistency. Simply wipe on with a cloth or brush in half the time it takes to apply other finishes and end up with a professional looking finish. You can even mix colors to come up with your own exclusive color. These gels are non-toxic (after proper drying and curing) and the clear coat can be used on salad bowls and household eating utensils. They resist marring, alcohol and water after curing. The shelf life is indefinite. Choose from 14 stains, 6 solid colors and a clear coat.

CONCEALED HINGES

Order by volume and save even more!
To order is as simple as 1-2-3!

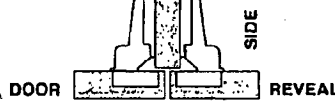

1. Choose the application and the degree of opening.
2. Select the type of hinge — "Full Overlay" or "Half Overlay".
3. Calculate the number of hinges you need. (Screws not included.)

FULL OVERLAY

FULL OVERLAY means that when the cabinet door is closed, you don't see any "reveal" around the door.

HALF OVERLAY

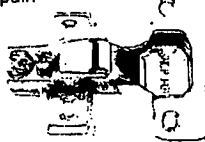

HALF OVERLAY means that when the door is closed, you can see a "reveal". Use half overlay hinges for middle cabinets and use:

- 2 hinges for doors under 35" / 20 lbs.
- 3 hinges for doors under 63" / 40 lbs.
- 4 hinges for doors under 79" / 60 lbs.

110° EURO-STYLE HINGES

These Hinges open to 110° providing full access to cabinet interiors. Choose full overlay, half overlay or inset door styles. Sold per pair.

MODEL H3287	Full	ONLY	\$1.95
MODEL H3288	Half	ONLY	\$1.95
MODEL H3289	Inset	ONLY	\$1.95

175° EURO-STYLE HINGES

Double hinge design allows these hinges to open to nearly 180°. Choose full overlay, half overlay or inset door styles. Sold per pair.

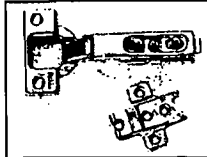

MODEL H3284	Full	ONLY	\$6.95
MODEL H3285	Half	ONLY	\$6.95
MODEL H3286	Inset	ONLY	\$6.95

120° EUROPEAN-STYLE

Maximum overlay ¾" (19mm)

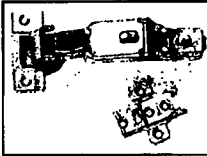

An all purpose, self-closing hinge gives ample room for easy accessibility such as under sinks and other storage areas. Maximum door thickness is ¾" (22mm). Easy snap on/off for door removal. 3 way adjustable.

HINGE TYPE	SCREWS	MODEL #	PRICE		
			EACH	50-99	100+
Full Overlay	Wood	G4771	\$5.95	\$5.75	\$5.50
Half Overlay	Wood	G4772	\$6.50	\$5.95	\$5.50

165° EUROPEAN-STYLE

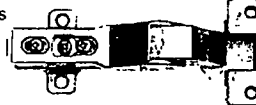

This all metal concealed hinge is 3-way adjustable and self-closing. Used in unobstructed areas where a full opening is needed. Also works great for various computer and entertainment units. Maximum door thickness is 1" (25mm). Zero protrusion in full overlay application for pull out drawers.

HINGE TYPE	SCREWS	MODEL #	PRICE		
			EACH	50-99	100+
Full Overlay	Wood	G4773	\$5.95	\$5.75	\$5.50
Half Overlay	Wood	G4774	\$8.50	\$5.95	\$5.50

45° CROSS CORNER

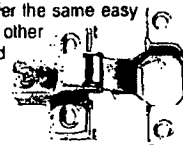

Designed for diagonal corner cabinets, this hinge is self-closing and 3-way adjustable. Its small turning radius and all metal construction make it a very functional hinge. Used for corner cabinets. Maximum door thickness is ¾" (22mm).

MODEL #	SCREWS	PRICE		
		EACH	50-99	100+

DRAWER SLIDES

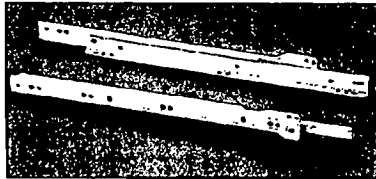

DRAWER SLIDES

These drawer slides are used by manufacturers and cabinet makers that require high quality, smooth operation and durability.

REGULAR SLIDES

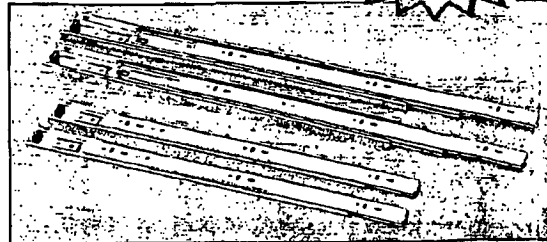

These are epoxy coated off white slides that are commonly used in kitchen cabinets and other applications where weight is not a concern. Large $\frac{3}{4}$ " polyethylene rollers make these slides glide effortlessly.

7" x 12" MINI METAL LATHE

METAL
LATHES

"This little 7" x 12" Engine Lathe just blows me away. I have been a journeyman machinist since 1971 and tool maker. Having worked in some very prestigious shops, this lathe is actually better than many used in some big shops! Quality, quality, quality!!!"

Edwin Craft
La Cygne, KS

Powered by a 3/4 HP motor, this Lathe also features: variable speeds (0-2500 RPM), inch and metric reading dials, turret tool post, chip tray and splash guard. This is a great starter machine priced at an incredibly low \$495!

**A perfect machine for hobby
and small jobs!**

FEATURES:

- Variable Speed
- 16 TPI Reversible Leadscrew
- Forward and Reverse In All Speeds
- Chip Tray and Backsplash Guard
- Threading Dial Indicator
- Standard and Metric Graduations

SPECIFICATIONS:

- Motor 3/4 HP, 110V, single-phase
- Swing over bed 7"
- Distance between centers 12"
- Spindle bore 20mm
- Spindle nose taper MT #3
- Tailstock taper MT #2
- Tailstock travel 2 1/4"
- Cross slide travel 2 3/4"
- Maximum tool bit size 5/16"
- Speed range Low Range: 0-1100 RPM
High Range: 0-2500 RPM
- Range of threads 12-52 TPI
- Number of thread pitches 18
- Approximate shipping weight 90 lbs.

12" x 39" LARGE COMBO LATHE/MILL

**COMBO
LATHE/MILLS**

This is the machine for the most serious hobbyist or even a busy, but crowded job shop. Our combo machine boasts some serious power and capacity! Powered by a ¼ HP motor for the mill/drill and a 1½ HP motor for the lathe, you can machine a wide variety of projects a few at a time or all day long. The work table measures 7½" x 16½" and has standard T-slots (uses our G9511 T-slot nuts). The lathe spindle has a 1½" bore and accommodates 39" between centers. Check out all the features listed below. With the included accessories, this is a bargain that's hard to pass up.

STANDARD EQUIPMENT:

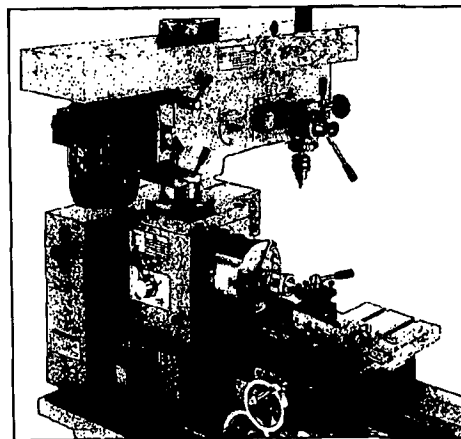

- 6" 3-jaw chuck
- 8" 4-jaw chuck
- 8" faceplate
- Reversing switch
- 2 dead centers
- Threading dial
- Steady rest
- Follow rest
- 4-way toolpost
- ½" drill chuck
- Stand with 2 storage compartments

SPECIFICATIONS:

Mill/drill motor size	¼ HP, 220V, single-phase
Lathe motor size	1½ HP, 220V, single-phase
Swing over bed	12"
Swing over cross slide	6½"
Distance between centers	39"

**METAL
LATHES**

12" x 36" GEAR-HEAD, CAM LOCK SPINDLE, GAP BED LATHE

An exceptional metal lathe for just over two thousand dollars. A gear-head spindle lets you select speeds without having to fuss with belts or pulleys. Shifting gears is as easy as switching a couple of front mounted levers. Quick change gearbox makes thread cutting selection fast and efficient. Outstanding quality at a very reasonable price.

FEATURES:

- Removable gap bed allows turnings up to 17" in diameter
- Nine spindle speeds – ranging from 70 to 1,400 RPM
- Easy to use lever controls
- Hardened and ground cast iron bed
- Cuts 4-112 Standard TPI and .2-4.5 Metric
- Full length splash guard
- On/off reverse switch on carriage

METAL LATHES

13" x 40" GEAR-HEAD FLOOR LATHE

CALL FOR LEASING INFORMATION

Safety, reliability and convenience – the G9036 Floor Lathe has dozens of heavyweight features for a reasonable price. Driven by a powerful 2 HP, 220V motor, this metal monster will tackle the toughest machining jobs with ease. D1-4 camlock spindle is the most reliable and accurate chuck mounting system for lathes. Add an extra long foot brake and apron mounted switch control and you have precise, safe control when threading or working up close to those difficult shoulders. Hardened gear-head gears makes speed and feed changes fast and a pleasure to work with. Features like these will save you time and provide a wider margin of safety.

FEATURES:

- Set of 8 change gears
- Coolant system
- Apron mounted handle switch
- Front removable chip tray

14" x 40" GEAR-HEAD FLOOR LATHE

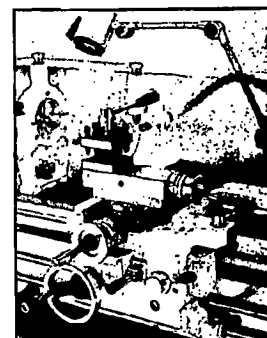

METAL LATHES

Headstock Controls

Headstock controls are always at your fingertips including jog button and emergency stop. Large dial arrow indicators and easy to read speed and gear charts makes this lathe a joy to operate.

This fully equipped, heavy-duty floor lathe will handle just about anything you can throw at it. Features like extra wide 10 1/4" bedway, coolant system with splash guard, foot brake and interlocked feed rod and leadscrew, not to mention all the standard accessories that come with this machine, will turn your shop into a real profit center. Check out all the features and specifications and then look at the price again and you'll agree, this is one machine that's tough to beat!

Z-SERIES

13" x 40" HIGH PRECISION TOOLROOM LATHE

THESE ARE THE BEST 13" LATHES WE OFFER
AND ARE DEPENDABLE MACHINES MADE FOR HIGH PRECISION WORK
IN A TOOLROOM ENVIRONMENT.

FEATURES:

- Precision ground V-bed is made of Meehanite casting
- Headstock gears run in an oil bath and are hardened and precision ground for smooth, quiet and vibration free operation
- Quick change gear box is fully enclosed and makes thread selection and engagement smooth and fast
- Feed rod is equipped with an overload clutch for safety
- Turret micrometer stop allows operator to set absolute stop to carriage for safety and close operations

SPECIFICATIONS:

Motor size.....	3 HP, 220V, single-phase or 3-phase
Swing over bed.....	13"
Swing over gap.....	19½"
Swing over cross slide.....	7½"
Distance between centers.....	40"
Spindle nose.....	D1-4 camlock
Spindle nose taper.....	MT#4.5
Spindle bore.....	1½"
Tailstock barrel taper.....	MT#3
Tailstock barrel travel.....	4½"
Cross slide travel.....	7½"
Top slide travel.....	3½"
Number of speeds.....	8
Speed range.....	105-2000 RPM
Range of threads (inches).....	4-96 TPI
Range of threads (metric).....	0.5-6.0 mm
Width of bed.....	7½"
Approximate shipping weight.....	1609 lbs

GRIZC 09821

STANDARD EQUIPMENT:

- 7" 3-Jaw chuck
- 8" 4-Jaw chuck
- 10" face plate
- Steady rest
- Follow rest
- Coolant system
- Full length splash guard
- Built-in stand
- Dual inch/metric dials
- Turret micrometer stop
- Driving plate
- Extra 8" D1-4 backplate
- Centers, center sleeve, service tools, manual and toolbox

THE 15" x 50" LATHE IS AN ALL TIME FAVORITE SIZE OF MACHINE SHOPS AROUND THE COUNTRY!

This fine quality toolroom model is an excellent high precision machine that will become an indispensable part of your shop.

FEATURES:

- Precision ground and hardened V-bed is made of Meehanite casting
- Totally enclosed universal gearbox allows cutting of Inch, Metric, Whitworth, Module and Diametral threads
- Headstock gears run in an oil bath and are hardened and precision ground for smooth, quiet and vibration free operation
- One shot lubrication for saddle and slides
- Chip tray slides out for easy cleaning
- Feed rod is equipped with an overload clutch for safety
- Turret micrometer stop allows operator to set absolute stop to carriage for safety and close operations
- Push/pull plunger on apron for feed direction control
- Backlash eliminator on cross slide nut

SPECIFICATIONS:

Motor size.....	7½ HP, 220V, 3-phase

11" x 18" SUPER PRECISE TOOLROOM LATHE

This is, quite possibly, one of the most accurate toolroom lathes on the market today. The hard chromed spindle is mounted in high precision angular contact ball bearings that are preloaded to give a run out error that's difficult to measure! The full contact bearing surfaces on the carriage and tailstock maximize rigidity and will produce incredible finishes time after time. The bearing surfaces on the carriage are coated with Turcite-B and the slides are made up of hardened tool steel for minimum wear and maximum life! And this beauty is fully loaded! Check out the features and accessories!

**METAL
LATHES**

FEATURES:

- Infinitely variable speed
- One piece cast iron headstock
- Induction hardened tool steel bed ways
- Spindle bearings: high precision, angular contact ball bearings
- Digital readout on speed control
- Automatic spindle brake
- Coolant system
- Dovetail guide ways
- Carriage treated with Turcite-B
- Pressurized lubrication

SPECIFICATIONS:

Spindle motor size.....	5 HP, 220V, 3-phase
Feed motor size.....	1/2 HP, 220V, 3-phase
Coolant motor size.....	1/4 HP, 220V, 3-phase
Swing over bed.....	11"
Swing over saddle.....	9"
Swing over cross slide.....	6"
Distance between centers.....	18"
Lead screw.....	1"-8 TPI
Spindle nose taper.....	5-C (inside) - 4" (outside)
Spindle bore.....	1 1/4"
Tailstock barrel taper.....	MT #2
Tailstock barrel travel.....	3 1/4"
Compound travel.....	3"
Cross slide travel.....	6"
Speed range.....	Infinitely variable, 0 - 4000 RPM
Range of threads (inches).....	36 @ 11 - 108 TPI
Range of threads (metric).....	36 @ .275 - 2.7mm
Overall dimensions.....	72"L x 30"D x 66"H
Approximate shipping weight.....	2206 lbs.

**THIS LATHE COMES
FULLY LOADED!**

STANDARD EQUIPMENT:

- 5 HP Yaskawa inverter
- Quick change collet closer
- 6" 3-jaw chuck with fixture plate
- 6" 4-jaw chuck with fixture plate
- 7" face plate
- Chip and coolant shield
- Threaded positive stops
- 4 position automatic indexing turret
- Steady rest
- Auto threading stop
- Built in tool compartment
- Emergency stop
- Halogen work lamp

6½" x 10" METAL-CUTTING BANDSAW

BANDSAWS

This full featured machine has everything you need in a Metal-Cutting Bandsaw. From its solid supporting cast iron base and quick positioning vise, to its rotary pump powered coolant system, this workhorse is at home in the hobby shop as well as the full production shop. Features locking roller cabinet for easy mobility, hydraulic feed for smooth cutting, vertical saw table and removable coolant tank for easy cleaning. So whatever your need, this Metal-Cutting Bandsaw will fit the bill.

FEATURES:

- Built-in coolant system
- Separate coolant switch
- Hydraulic feed
- Heavy cast iron machine table
- Rapid approach vise
- Roller cabinet
- Adjustable blade guides and rollers
- Automatic shut-off
- Three cutting speeds
- Band tension adjustment
- Hardened and ground worm gears
- Includes blade, blade chip brush, safety guards and vertical saw table

SPECIFICATIONS:

SHEET METAL MACHINES

12" & 24" PAN & BOX BRAKES

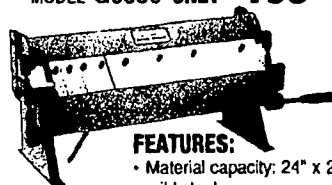

Choose from our 12" or 24" pan and box brake to get your job done. These bench top models can handle 20 Ga. mild steel and are built to take on any serious bending work.

FEATURES:

- Material capacity: 12" x 20 Ga. mild steel
- Brake angle: 0° - 135°
- Box fingers: 2 - 1", 2 - 2" and 2 - 3"
- Weighs 63 lbs.

MODEL G0556 ONLY **\$159⁹⁵**

FEATURES:

- Material capacity: 24" x 20 Ga. mild steel
- Brake angle: 0° to 135°
- Box fingers: 2 - 1", 4 - 2", 2 - 3" and 2 - 4"
- Weighs 100 lbs.

6" x 12" SURFACE GRINDER WITH STAND

GRIZC 09856

For years our customers have been asking us to carry a surface grinder at our great Grizzly price. We are happy to oblige! This 6" x 12" surface grinder has many features found on much larger machines and is perfect for the small tool room and metalworking enthusiast. When absolute surface grinding precision is needed in tough to machine materials, this is the machine to own. Large dials and fine thread screws yield maximum precision. Bring mirror like finishes to your metalworking projects with this professional machine. Check out the many features below.

FEATURES:

- Super slide table
- Enclosed cabinet style stand
- Guard
- One shot lubrication
- Diamond wheel dresser with holder
- Tool Box
- Wheel balancing kit
- Leveling pads

SPECIFICATIONS:

- Motor: ¾ HP, 110/220V, single-phase, 7.4/3.7 Amps, 3450 RPM, prewired 110V
- Table surface: 6" x 12"
- Longitudinal travel: 13¼"
- Cross travel: 7½"
- Maximum distance table to wheel: 8¼"
- Spindle diameter: 1¼"
- Column dial: .001" Res/Rev .05"
- Cross dial: .001" Res/Rev .1"
- T-slot: ½" x ¾" x 15½"
- Grinding wheel: 7" D x 1¼" B x ½" W
- Overall dimensions: 36½"W x 64"H x 33"D

SURFACE GRINDER

6" x 18" SURFACE GRINDER

Here is an excellent surface grinder for grinding precision parts in hardened or annealed ferrous metals. It features heavy cast iron construction, quiet running precision spindle, ball bearing longitudinal slide, coolant system and more. Choose from our selection of grinding wheels and accurately true and balance them with the kit supplied with the surface grinder. A must for precision, close tolerance work.

MAGNETIC CHUCK INCLUDED!

FEATURES:

- Flood coolant system
- Column dial
- Cross feed dial
- Cast iron cabinet
- One shot lubrication
- Work light
- 5 1/4" x 15 3/4" magnetic chuck
- Grinding stone balancing kit
- Splash guard
- Includes 24 grit grinding wheel

SPECIFICATIONS:

- Motor: 1 1/2 HP, 110V/220V, single-phase, TEFC
- Table surface: 6" x 18"
- Longitudinal travel: 20 1/2"
- Cross travel: 6 1/4"
- Maximum distance table to wheel: 10 1/4"
- T-slot and size: 1/2" stud, 3/8" head
- Grinding wheel: 7" D x 1 1/4" B x 3/4" W
- Height: 63"
- Width: 42 3/4"
- Depth: 61"
- Column size: 7 1/2" x 12"
- Spindle diameter: 1 1/4"
- Spindle speed: 3450 RPM
- Cast iron construction
- Approximate shipping weight: 1429 lbs.

SURFACE GRINDER

10" x 20" SURFACE GRINDER

The latest addition to our line of Surface Grinders sports massive castings, a precision spindle and scraped combination Vee and flat ways needed for holding exacting tolerances and producing mirror like finishes. Add to that the silky smooth, automatic hydraulic control with infinitely variable stroke (200 - 1000 inches per minute), step-over (0 - 0.335") and down feed (0.0001" - 0.001" steps) and you will find the ease of operation allows for tighter control over your production and products! And, its as easy to setup as it is to use! All hydraulic lines and control cables come supplied with one-way fittings making installation a breeze.

FEATURES:

- Flood coolant system
- Column dial
- Cross feed dial
- Stone balancing kit
- Tool box
- Wheel dressing device
- 2-pc. T-bolt set
- Double spanner wrench
- Adjustable spanner wrench
- Cast iron construction

GIFT CERTIFICATES

Gift Certificate

\$ _____

We have gift certificates in any denomination. They are extremely popular and certainly take the guess-work out of what tool to buy. Call or list out on the order form and they'll be sent right away. Redeem only by mail or phone.

1-800-523-4777

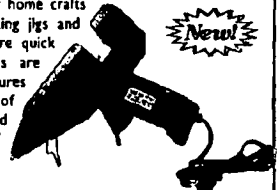

DID YOU REMEMBER TO:

1. Enclose your payment or charge card number and expiration date!
2. Include your signature if using a credit card!
3. Include all shipping and handling charges!

Thank You!

PRESIDENT'S CHOICE! HOT MELT GLUE GUN

Make quick repairs around the home and shop with this Hot Melt Glue Gun Kit. It's also ideal for home crafts and for making jigs and fixtures where quick setting times are needed. Features 250 watts of power and accepts 1/8" glue sticks.

MODEL H6260 ONLY \$12⁹⁵

DRILL PRESS ROLLER SUPPORTS

This Drill Press Roller Support provides stability and control for longer work. Rollers clamp to the column and measure 9 1/2" wide x 1 1/2" diameter. Lateral adjustment range is 8" minimum to 24" maximum on each side and vertical adjustment is 8".

MODEL H6238 ONLY \$24⁵⁰

WET SHARPENER

Take the frustration and inconvenience out of sharpening your fine hand tools with this compact, bench-top Wet Sharpener. The 1 1/2" wide, 120 grit wheel runs at 170 RPM and rotates through a water bath, so there's no worry about burning fine tempered steel. A forward and reverse switch allows you to sharpen in either direction and a fully adjustable tool rest ensures perfectly ground edges.

MODEL H6069 ONLY \$39⁹⁵

DARN IT!

We make every effort to be exact with our photography, specifications and copy. We also hold prices for as long as we can. Sometimes errors do occur and we apologize for them. We reserve the right to make changes and correct errors to products, specifications and prices at any time. We also reserve the right to limit quantities. Thank you for your understanding.

Address on Card (if different from mailing address) _____

ORDERS BY MAIL:

STEP 1 Neatly PRINT your name and address (including zip code) on the lines provided. Also include your daytime telephone number, just in case we need to contact you regarding your delivery or order.

STEP 2 If you would like us to ship your order to an address different than that listed in STEP 1, please print the name and address on the lines provided, as listed above. Please include a daytime phone number.

STEP 3 List the items you would like to order with their quantity, Model #, full description, price of each and shipping charges. We request that you double check this information to ensure that the Model #, description and shipping charges (where applicable) correspond with the item(s) you are ordering.

STEP 4 Add the cost of the items you have ordered and write this number in the space marked "SUB-TOTAL". Then, machines and oversize items must have freight charges added to the order. Freight + oversize charges are listed next to catalog prices.

STEP 5 Add your sub-total together with the appropriate shipping & handling fee (for total of items under 70 lbs.), applicable sales tax and any additional charges which you have listed. Write the total charge in the bottom box.

ORDERING INFORMATION

HOW TO ORDER - IT'S EASY!

PHONE - 1-800-523-4777: You can order 24 hours a day. Call our toll-free number between 8:00 am - 8:00 pm, Mon - Fri or 8:30 am - 6:00 pm ET on Saturdays to speak with one of our friendly sales people or you can use our automated voice mail system. Just follow the options to place your order.

INTERNET - www.grizzly.com: You can shop electronically via our online store. It's fast, easy and secure. Visit often since we have many specials and discontinued items not offered in our catalog or retail stores. We will e-mail you confirmation of your order.

FAX - 1-800-438-5901: You can use our handy order form and fax it directly to us. We will process your order through our nearest distribution center for fast delivery.

MAIL - P.O. Box 3110, Bellingham, WA 98227: Fill out the order form by following Step 1 through Step 5. We accept Visa, MasterCard, Discover, American Express, cashier's checks, money orders, bank wire transfer and personal or business checks. Send full payment in U.S. funds. All personal and business checks must have the customer's name and check number preprinted on the front of the check in order to process for immediate shipment. **Important:** Checks not preprinted with the correct information will hold up the order for approximately 3 weeks. Please include your day time telephone number in case there are questions regarding your order.

SHIPPING YOUR ORDER: We make every effort to ship your order within 24 hours. In most cases it will go out the same day. Due to our 3 centrally located warehouses, motor freight shipments (over 70 lbs.) usually take 3-5 working days. Standard orders (non-freight items) will typically arrive in 2-3 working days. This information should be used as a general guide and is not guaranteed.

NON-FREIGHT ORDERS (ITEMS UNDER 70 LBS.): Items under 70 lbs. are assessed a shipping and handling fee based on the total dollar amount of the items. Due to oversize restrictions, some items require additional shipping and handling charges. These items are individually noted. Orders that do not include freight items will be shipped by ground transportation unless otherwise specified. Orders to Alaska, Hawaii, Guam, Puerto Rico, Virgin Islands, U.S. Territories, APO & FPO will be quoted at current rates to these areas. Items will be shipped via parcel post or first class mail. Also, any special handling costs or shipping fees may be added to your order.

SHIPPING AND HANDLING CHARGES FOR LOWER 48 STATES: (Items under 70 lbs.)

Item Total	Shipping
Less than \$24.99	add \$6.50
\$25.00 to \$49.99	add \$7.95
\$50.00 to \$74.99	add \$8.95
\$75.00 to \$99.99	add \$10.95
\$100.00 or more	add \$13.95

TRUCK FREIGHT ORDERS (MACHINERY OVER 70 LBS.): We have a flat rate shipping program for those items over 70 lbs. so you know exactly what your cost will be. This program applies only to the lower 48 states. We have listed the shipping charge for each machine next to the price (charges vary per machine). See inside order form for an example of how to apply this to your order.

Orders outside the continental U.S. including Alaska and Hawaii will be quoted at current rates. See Shipments Outside U.S..

*Orders that contain freight as well as additional S/H charges due to oversize restrictions and items under 70 lbs. must include the flat rate shipping fee per item and the shipping and handling fee based on the total dollar amount of those items under 70 lbs.

Truck drivers are subject to a number of regulations, one of which is that they are not required to give assistance unloading. Please be prepared for this "curbside" delivery, as you are responsible for unloading the item(s) and placing

them in your shop. This normally takes a couple of "friends". Your location must be tractor-trailer accessible. We recommend that you make arrangements with the trucking company to take delivery at the freight terminal if you can. They will load it onto your vehicle. Make sure your vehicle is capable of handling the weight. Also, bring plenty of tie downs to properly secure the load.

Some terminals have other delivery services available, such as lift gate service, for an additional cost. These services vary from terminal to terminal, so remember to ask the trucking company when they call to make delivery arrangements. You are responsible for these additional costs.

SHIPPING DAMAGE: We have great service from the trucking companies we deal with. However, sometimes shipping damage can occur. It is extremely important to inspect and note any damage that might be suspect. Holes, dents, tears, etc. should be noted on the form the driver gives you to sign accepting delivery. These notations will allow us to make a claim for shipping damage on your behalf. Failure to do so makes it extremely difficult to make a claim. If there is shipping damage and you have noted it on the delivery form, you can e-mail us at csr@grizzly.com, call our Customer Service Department at (570) 546-9663 or fax us at (800) 438-5901. We will take care of all the necessary arrangements to have the problem resolved.

SHIPMENTS OUTSIDE U.S.: Orders will be quoted at current rates. Items will be shipped via parcel post or first class mail. Also, any special handling costs or shipping fees will be added to your order.

BACK ORDERS: If not specified, out of stock items will automatically be placed on back order and shipped immediately when made available. Credit cards will not be charged until item(s) are shipped.

RETURNS: Should you decide to return an item(s) for any reason, be it for refund, exchange or warranty, please contact our Customer Service Department at (570) 546-9663. They will take you step by step through the return process. Returns for refund or exchange must be within 30 days of purchase. Original shipping and handling charges are not refundable. All returns must be in original packing, unused and in resalable condition. All returns are subject to a 10% restocking fee and merchandise must be shipped to us prepaid.

All returns must have a return number on the outside of the package as our warehouse cannot accept C.O.D.'s or items without a return number.

PARTS ORDERS: If you know the part number, please call our toll-free line at (800) 523-4777 for part orders. For warranted parts, or if you do not know the part number, please contact our Customer Service Department at (570) 546-9663. All parts are shipped from our Springfield, MO location and non-warranted parts are subject to shipping and handling charges as listed.

TECHNICAL SERVICE: Please contact our Customer Service Department before sending or bringing any item back for service. If it is determined that the best course of action is to send that item back to us for service, we will make every effort to repair and return that item to you in a timely manner.

DARN IT! We make every effort to be exact with our photography, specifications and copy. We also hold prices for as long as we can. Sometimes errors do occur and we apologize for them. We reserve the right to make changes and correct errors to products and specifications at any time. We also reserve the right to limit quantities and change pricing. Thank you for your understanding.

PRIVACY POLICY: We make our customer information available to select companies so they may contact you about products and services that may be of interest to you. If you do not want your name(s) passed on to other companies for the purpose of receiving marketing offers, please contact us at (800) 523-4777 and we will be happy to respect your wishes.

LEASING INFORMATION: Many of our machines may be leased with approved credit through various third-party leasing companies. These machines are identified by: "Call for Leasing Information". If you are interested in leasing, give us a call at (570) 546-9663 and we'll provide the details.

GRIZC 09917

LIMITED WARRANTY

Grizzly warrants every product it sells for a period of 1 year to the original purchaser from the date of purchase. This warranty does not apply to defects due directly or indirectly to misuse, abuse, negligence, accidents, repairs, improper wiring, alterations, lack of maintenance or consumable parts. This is Grizzly's sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. We do not warrant or represent that the merchandise complies with the provisions of any law or acts unless the manufacturer so warrants. In no event shall Grizzly's liability under this warranty exceed the purchase price paid for the product and any legal actions brought against Grizzly shall be tried in the State of Washington, County of Whatcom.

We shall in no event be liable for death, injuries to persons or property or for incidental, contingent, special or consequential damages arising from the use of our products.

To take advantage of this warranty please call our Customer Service Department at (570) 546-9663. Proof of purchase must accompany the merchandise. Manufacturers reserve the right to change specifications at any time because they constantly strive to achieve better quality equipment.

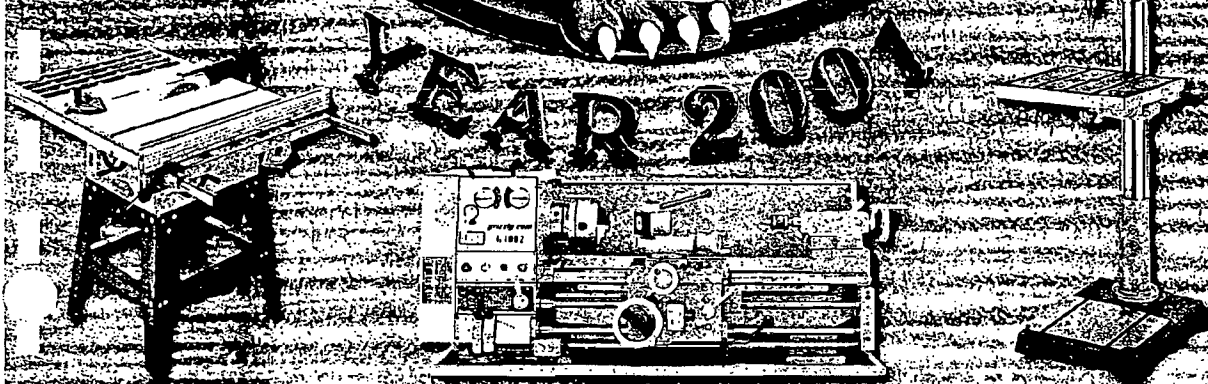

Please Note: Merchandise covered by a manufacturer's warranty must be sent directly to the manufacturer for repair or replacement.

PURVEYORS OF FINE MACHINERY

LETTER FROM THE PRESIDENT

Dear Customers,

I was at our booth at the IWF show in Atlanta last year when a customer came up to me and said "Your stuff is good, how come it is so much lower in price than (and he mentioned a couple of well known names)." It's very simple - we purchase directly from the factories and sell directly to you. There is no dealership network and no middleman. Every time you buy a machine from a dealer, you are paying anywhere from 20 to 40% more for the dealer's overhead and profit. Sometimes, there is also a distributor involved, which means there are 3 steps before it gets to you!

The main reason I got into the machinery business 26 years ago was because I was (and still am) a tool nut, and was tired of getting ripped off by the name brands. So, I started selling machinery with the intent of serving people like myself who wanted quality machines, but didn't want to part with an arm and a leg to buy it. Today, we have become a "brand name", and our commitment to our customers for after-service as well as low pricing remains unbeatable. We have an office in Taiwan with 9 plus engineers on our payroll, as well as an office in China with qualified engineers and support staff. Our parts warehouse in Springfield, MO is one of the largest in the industry with over 29,000 different parts and a million plus individual parts in stock at all times. We have an in-house motor rewinding shop as well as trained machinists and machine shops to take care of any problems that may arise. Numerous magazines have awarded our products as "best buy" "tool of the year" "editor's choice" etc

BUY WITH CONFIDENCE!

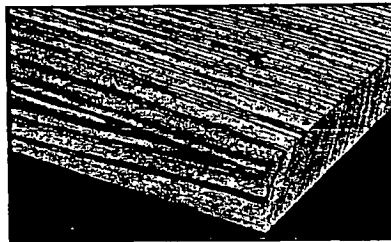

We have been gratified with the incredible support from our hundreds of thousands of customers and without you, our phenomenal growth could not have been possible. From all of us at Grizzly, and from me personally, "thank you" for your support and for your business. We will not let you down.

OVER 80 NEW PAGES OF PRODUCTS IN THIS CATALOG!

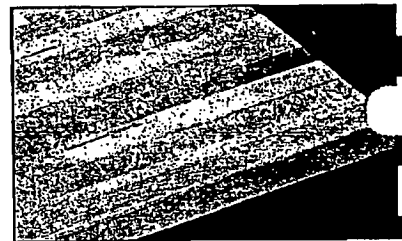

Sincerely,

S. Balolia

PRESIDENT'S INCREDIBLE SPECIALS

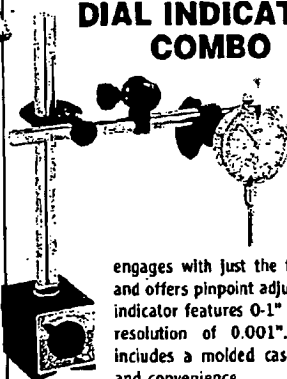

4" DIAL CALIPER

Let's face it, most of your measuring requirements are for small items that are less than 4", right? That's why this 4" Dial Caliper is such a great deal; compact size and special price. This Dial Caliper with .001" graduations and .100" per revolution features hardened knife edges, inside and outside calipers plus step gauge and knurled thumb roll. Stainless steel construction. Shock proof and dust proof.

G9808 Reg. \$47.95 ONLY \$11.95

MAGNETIC BASE/ DIAL INDICATOR COMBO

NEW
Precision measurements and set-ups have never been so easy. Magnetic base

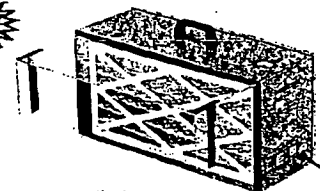

engages with just the turn of a switch and offers pinpoint adjustment. The dial indicator features 0-1" travel and has a resolution of 0.001". This fine set includes a molded case for protection and convenience.

G9849 Reg. \$27.95 ONLY \$19.95

See pages 406-421 for more Measuring Tools

DUST FILTER

NEW

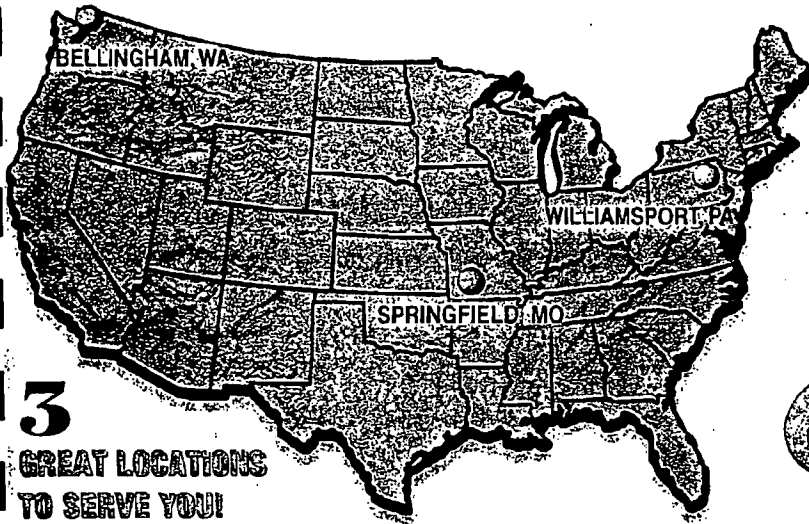

This portable dust collector can be placed on the workbench right next to your project. Removes airborne contaminants such as sanding dust as well as pollen, mold spores and other contaminants. The fan motor pulls 220 CFM through the pleated filter to keep the air clear. Clear plastic hood helps to direct the flow into the system.

- Dimensions: 21 1/4" x 8 3/4" x 10 1/4"
- Weighs 15.5 lbs.
- 110V

G9954 Reg. \$109.95 ONLY \$99.95

GRIZZLY INDUSTRIAL SHOWROOMS AND DISTRIBUTION WAREHOUSES

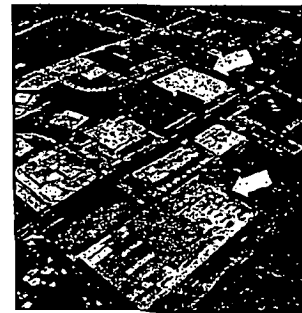

Bellingham, WA

Williamsport, PA

Springfield, MO

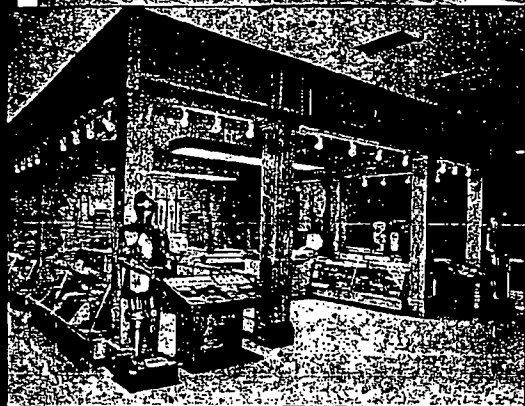

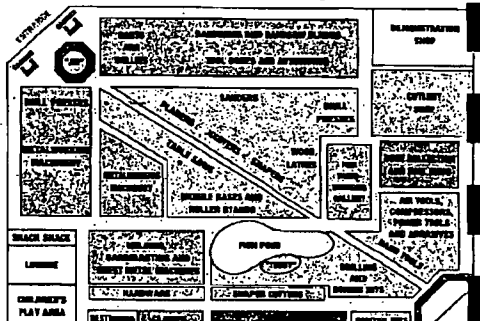

CALL 24 HOURS A DAY FROM ANYWHERE IN THE U.S.A. 1-800-523-4777

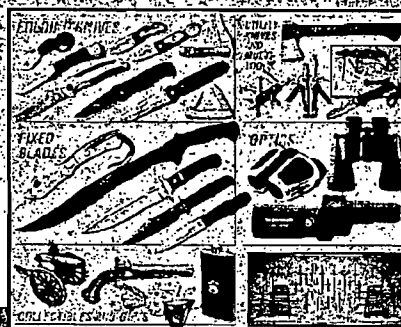

VISIT THE NATION'S LARGEST MACHINERY SHOWROOM!

And, coming soon, an even larger showroom in Williamsport, PA!

150,000 square feet of the best selection of quality machinery, tools and accessories located in **Springfield, Miss**
Incredibly low prices, live demonstrations, Gallery of Fine Woodworking and Cutlery Store await you at this great attract...

CUTLERY SHOP

Like a store within a store, our cutlery shop offers a huge selection of famous brand name knives (Buck, Case, Gerber, Jungles, Swiss Army, United) - just to name a few as well as a variety of optics and popular gift items. Whether you're a life-long collector, or looking for the perfect pocket knife, you'll simply be amazed.

OUR AFTER SERVICE REMAINS UNBEATABLE!

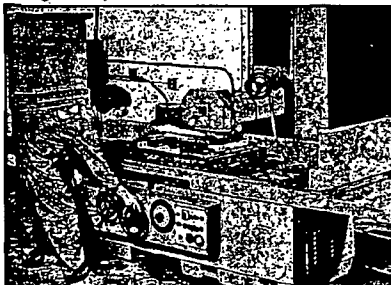

All 3 of our locations have complete machine shops with skilled and knowledgeable technicians — ready to help!

Since its start in 1983, Grizzly Industrial has consistently led the competition in after-sale service. From our knowledgeable service technicians to one of the largest parts departments in the business, Grizzly's commitment to continuing customer service is legendary.

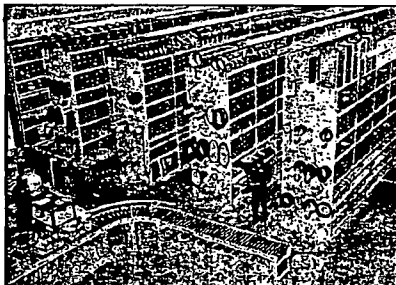

So, in the unlikely event that your Grizzly tool needs repair, help is as close as a phone call away. Often, our trained service technicians are able to walk you through minor repairs and adjustments over the phone. If not, we offer complete service facilities at all locations – so repairs can be completed with as little down-time as possible. If you are planning to visit our service center, call at least 2 weeks before so we can schedule repairs and make sure parts are on hand. For our Bellingham

location call: (360) 647-0801, for our
Springfield location call: (417) 887-9191,
for our Williamsport location call: (570)
546-9663.

As far as we know, we are still the only importers in the United States to have an in-house motor rewinding shop. Plus, we have a huge surface grinder to grind table tops and other cast iron parts that sometimes warp. **That's commitment!**

Trained Grizzly machinists re-grind defective castings to mirror-smooth perfection.
(This machine sits idle most of the time!)

**Our Parts Department assures you that replacement parts are always on hand.
(Over a million parts in stock!)**

Grizzly technicians rewinding motors in-house.

SERIES

6" x 47" HEAVY-DUTY JOINTER

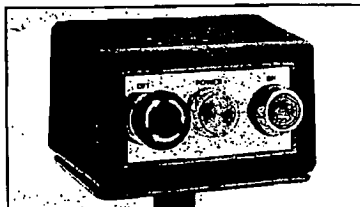

JOINTERS

This top-of-the-line industrial-duty 6" jointer has features never before available in this price range. Post-mounted magnetic switch with indicator light adds safety and convenience. Extra heavy-duty steel cabinet with built-in dust chute makes for an exceptionally stable and quiet operation. Levers for table adjustment offer faster and easier height changes. And only Grizzly offers both jack-screw and spring loaded knives so you can set the knives the way you prefer.

SPECIFICATIONS:

- Re-designed fence system - positive stop @ 45° & 90°
- Heavy-duty cabinet stand
- 1/2" rabbeting capacity
- Depth of cut is 1/2" maximum
- 1 H.P., 110/220V, single phase, ball bearing motor, prewired 110V
- 3-knife ball bearing cutterhead
- Knives are high speed steel
- Precision gib adjustment on dovetailed ways
- Table size: 6" x 47"
- Precision-ground table
- Steel stand has built-in chip chute
- Infeed and outfeed tables have quick-adjustment levers for convenient table height adjustment
- Includes jack-screw and accessory spring kit for setting blades
- Super heavy-duty, center-mounted fence is 4" x 29 1/4"
- Shipping weight approx. 235 lbs.

TOOL BUYING GUIDE Editor's Choice

PROFESSIONAL'S CHOICE

Precision-cast and crafted, the G1018 offers outstanding jointing accuracy and long-lasting dependability that's second-to-none. It's not surprising that many of our customers order two or three more for their shops after seeing how this machine performs. There are several thousands of these in production shops around the country!

FEATURES:

- 3-knife cutterhead is 3" in dia. and runs in shielded, pre-lubricated ball bearings
- Powerful 1½ H.P., 220V single phase motor easily plows through hardwoods
- 220V magnetic safety switch protects the motor and the operator
- Both infeed and outfeed tables are fully adjustable
- Maximum depth of cut is ½" and infeed table has rabbeting ledge
- Super heavy-duty cast iron beds are electronically stress relieved to remove warp, then milled together on a jig and precision ground to a mirror-like finish

- Distance from floor to top of bed is 31¼"
- Heavy-duty, center-mounted fence is lever operated with positive stops and locks
- 3-HSS knives are 8" x ½" x 1"
- Beds slide on dovetailed ways
- Gibs can be adjusted to take up wear
- Includes jack screws and accessory spring kit
- Shipping weight approx. 450 lbs.

THE ULTIMATE 8" JOINTER

JOINTERS

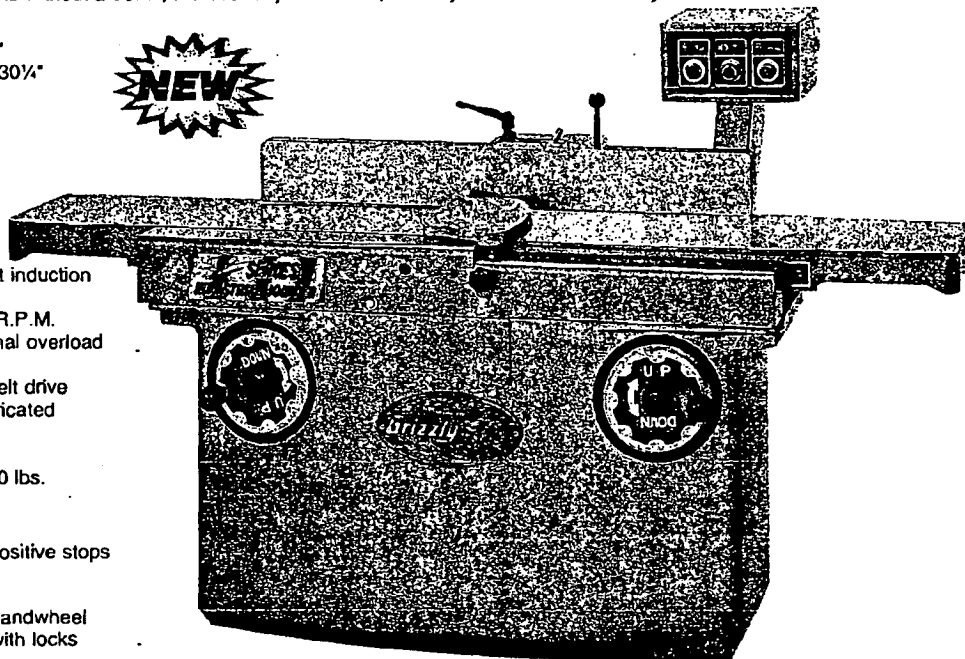

Want the very best money can buy? That's exactly how we felt when we designed the Ultimate 8" Jointer. We took all our years of experience, tossed in lots of great customer comments and produced this superior machine. It offers outstanding performance, accuracy and durability above and beyond all other 8" jointers. Just as in days long gone, we produced this machine with plenty of cast iron (over 800 lbs.) making it quiet, smooth and an absolute joy to operate. The beds are precision ground to incredible tolerances and hardened to assure decades of use. With features like smooth, precision handwheel table elevation, easy access control panel and center-mounted fence make this without a doubt, the best 8" jointer. And, it's only available from Grizzly.

SPECIFICATIONS:

- Table measures 8½" x 73½"
- Height (from floor to table): 30¼"
- Overall length: 73½"
- Overall width: 31"
- Fence: 4¾" x 39¼"
- Cutterhead diameter: 4"
- Cutterhead knives: 3
- Maximum depth of cut: ⅝"
- Maximum width of cut: 7½"
- Motor: 3 H.P., 220V, single phase, TEFC capacitor start induction
- Amps: 15
- Cycle/RPM: 60 hertz/3500 R.P.M.
- Switch: Magnetic with thermal overload protector
- Power transfer: Double V-belt drive
- Bearings: Shielded and lubricated
- Cutterhead R.P.M.: 5,900
- Cuts per minute: 17,700
- Shipping weight approx. 900 lbs.

FEATURES:

- Fence is center mounted, positive stops at 45° and 90°
- Heavy-duty cast iron base
- Independently adjustable, handwheel precision table movement with locks
- Rabbeting capacity built-in
- Built-in dust chute
- Independently adjustable, precision ground cast iron table
- 3 knife slot cutterhead with shielded ball bearings and grease fittings
- Cast aluminum guard

JOINTERS

12" x 76" PROFESSIONAL JOINTER

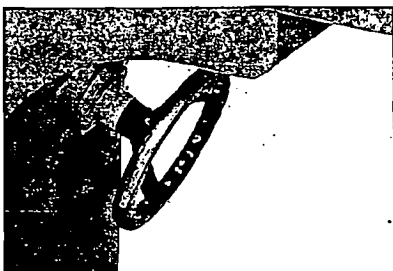

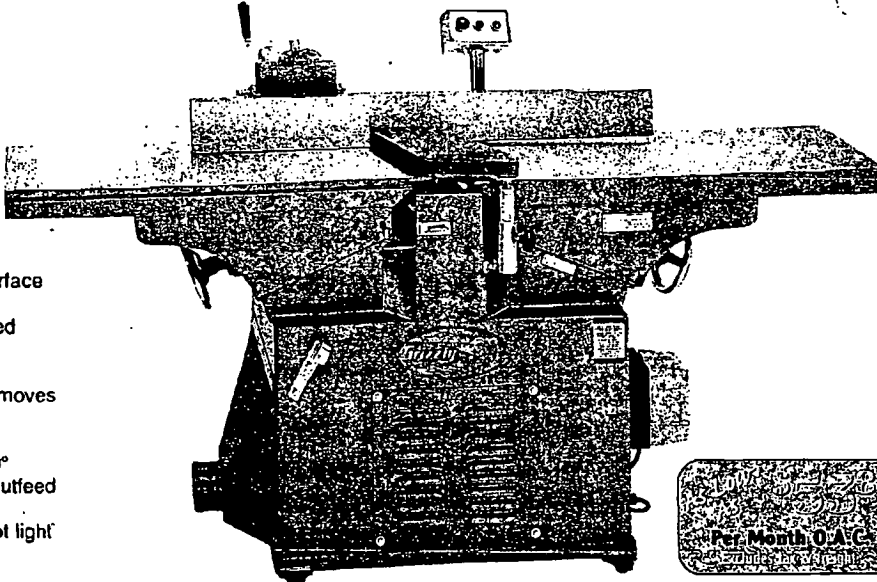

For demanding professionals who need absolute dependability in their milling process, Grizzly has produced this giant of the jointer world. Advanced features such as rack-and-pinion fence adjustment and conveniently located on/off switch sets this behemoth apart from others in its class. A real workhorse.

SPECIFICATIONS:

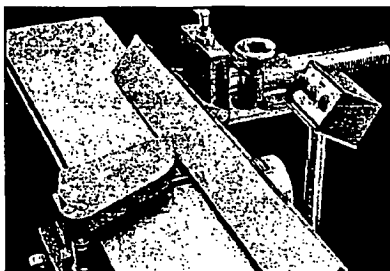

- Table measures 12" x 75 1/2"
- Cutterhead diameter: 4"
- Cutterhead knives: 3
- Rabbeting capacity: 3/4" deep
- Motor: 2 H.P., 220V, single phase
- Cutterhead R.P.M.: 5,200
- Shipping weight approx. 840 lbs.

FEATURES:

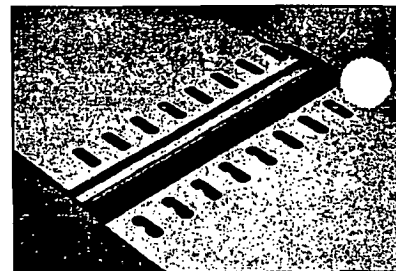

- Precision ground cast iron table surface is heat treated for hardness
- Heavy cast iron body with dovetailed ways
- Sturdy fabricated steel stand
- Fence measures 4 1/4" x 41 1/2" and moves by rack and pinion gearing
- Includes dust hood
- Fence can be locked from 45° to 90°
- Handwheels adjust infeed and outfeed tables
- Magnetic controlled switch with pilot light
- Easy to read depth-of-cut indicator

MODEL G7315 ONLY \$89⁹⁵

THE ULTIMATE 12" JOINTER

JOINTERS

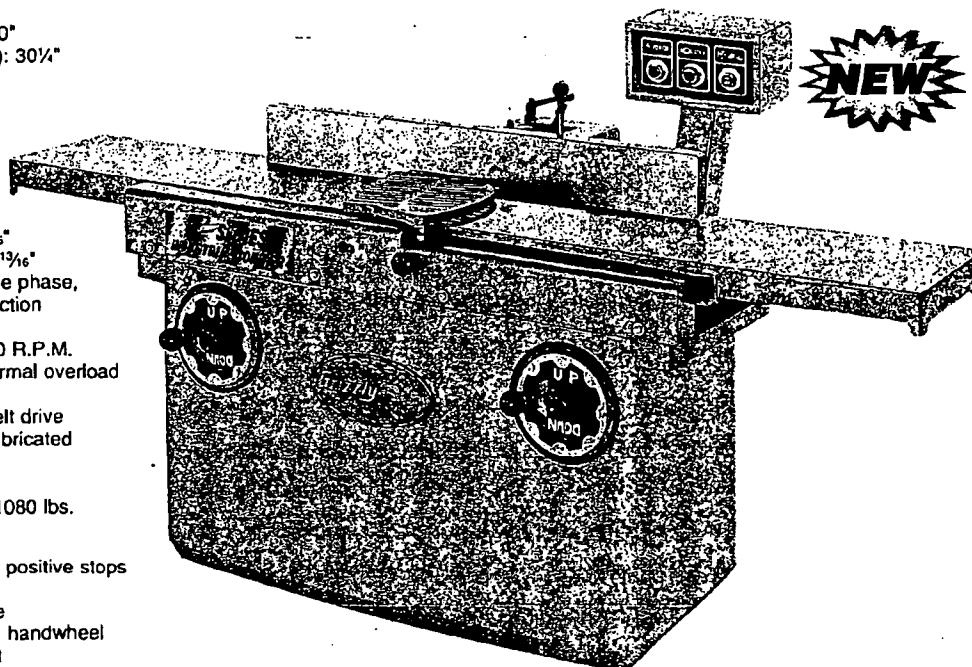

The G9860 Ultimate 12" Jointer is another member of our "Money-No-Object" jointer line and is loaded with industrial features. The close tolerance beds have been ground and hardened to endure decades of use. The centrally mounted fence assures accurate edge jointing and the large beds will make face planing a pleasure. The handwheels deliver exact control over table movement, making adjustments almost effortless. Its massive weight of nearly 1000 lbs. guarantees smooth operation and a lifetime of satisfaction. And remember, a jointer this size can actually save money by turning unusable "cupped" lumber into perfectly flat stock.

SPECIFICATIONS:

- Table measures 12½" x 80"
- Height (from floor to table): 30¼"
- Overall length: 80"
- Overall width: 34½"
- Fence: 4¾" x 39¼"
- Cutterhead diameter: 4"
- Cutterhead knives: 3
- Knife size: 12" x 1¼" x ¼"
- Bevel jointing: 90° - 45°
- Maximum depth of cut: ⅝"
- Maximum width of cut: 11½"
- Motor: 3 H.P., 220V, single phase, TEFC capacitor start induction
- Amps: 15
- Cycle/RPM: 60 hertz/3500 R.P.M.
- Switch: Magnetic with thermal overload protector
- Power transfer: Twin V-belt drive
- Bearings: Shielded and lubricated
- Cutterhead R.P.M.: 5,900
- Cuts per minute: 17,700
- Shipping weight approx. 1080 lbs.

FEATURES:

- Fence is center mounted, positive stops at 45° and 90°
- Heavy duty cast iron base
- Independently adjustable, handwheel precision table movement
- Noise dampening system
- Heat treated infeed and outfeed tables
- Cast iron table
- Pedestal mounted ON/OFF switch
- 3 knife slot cutterhead with shielded ball bearings and grease fittings
- Cast aluminum guard
- Integral 4" dust port

JOINTERS

THE ULTIMATE 14" JOINTER

Z-SERIES

This is another one of our "Money-No-Object" series of jointers. There are very few 14" Jointers on the market, and yet, we have been getting tons of calls for something in between 12" and 16". Features precision ground beds that are hardened, exacting handwheel control over table elevation, easy access control panel, center supported cast iron fence and so much more. A perfect machine for the medium to large shop!

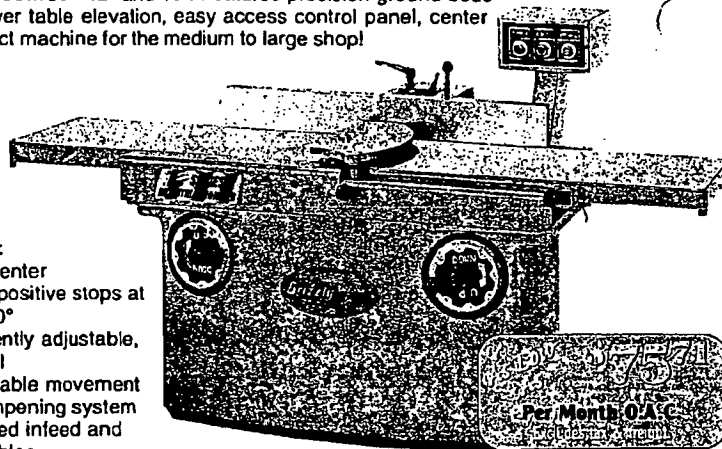

SPECIFICATIONS:

- Table measures 14 1/4" x 79 3/4"
- Height (from floor to table): 30 1/2"
- Overall length: 80"
- Overall width: 36"
- Fence: 39 3/4" x 4 3/4"
- Cutterhead diameter: 4"
- Cutterhead knives: 3
- Bevel jointing: 0° - 45°
- Maximum depth of cut: 3/16"
- Maximum width of cut: 14"
- Motor: 3 H.P., 220V, single phase, TEFC capacitor start induction
- Amps: 32
- Cycle/RPM: 60 hertz/3450 R.P.M.
- Switch: Magnetic with thermal overload protector
- Power transfer: Twin V-belt drive
- Bearings: Shielded and lubricated
- Cutterhead R.P.M.: 5000
- Cuts per minute: 15000
- Shipping weight approx. 1210 lbs.

NEW

FEATURES:

- Fence is center mounted, positive stops at 45° and 90°
- Independently adjustable, handwheel precision table movement
- Noise dampening system
- Heat treated infeed and outfeed tables
- Cast iron table
- Pedestal mounted ON/OFF switch
- 3 knife slot cutterhead with shielded ball bearings and grease fittings
- Cast aluminum guard
- Integral 4" dust port

15" PLANER WITH CABINET STAND

PLANERS

Once again, we've taken one of our best selling machines and added some extra features to make this the best 15" planer on the market at a truly amazing price. Features like extra large ball bearing return rollers, large side mounted hand wheel, cabinet style stand, internally mounted 3 horsepower motor and powder coated paint for years of protection and good looks make this planer a machine to be reckoned with. Same great heritage as the G1021 — many new features. It's your choice!

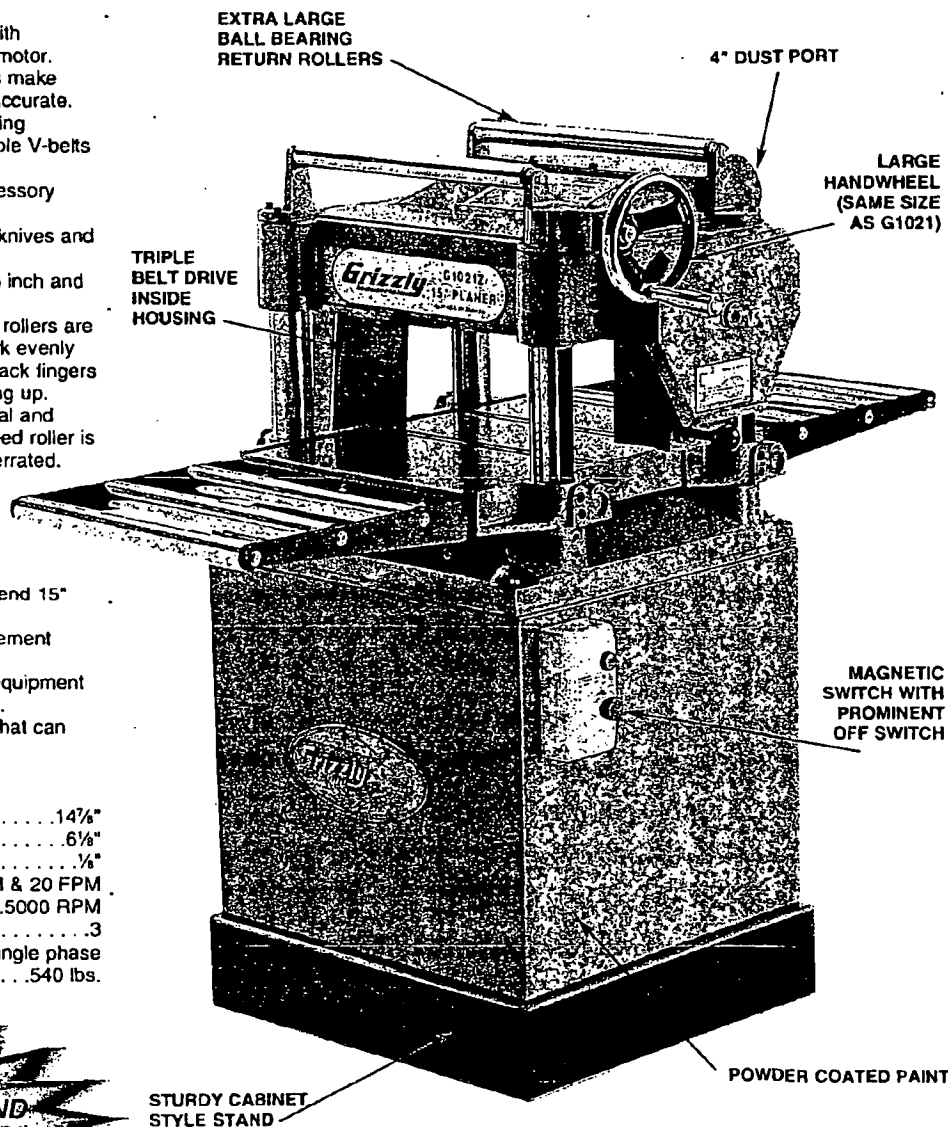

FEATURES:

- All ball bearing construction with powerful 3 H.P. single phase motor.
- 4 heavy-duty support columns make vertical adjustment rigid and accurate.
- 3-knife cutterhead is ball bearing supported and powered by triple V-belts from the motor!
- Includes jack screws and accessory spring kit.
- Comes complete with 3 HSS knives and 3-piece knife setting tool.
- Up/down calibrations are both inch and metric.
- Automatic infeed and outfeed rollers are chain driven and feed the work evenly for a smooth finish. Anti-kickback fingers prevent the board from backing up.
- Front power feed roller is metal and spiral serrated. Rear power feed roller is metal and minutely straight serrated.
- Table is cast iron and is precision ground to a mirror-like finish.
- Drive gears run in oil bath.
- Table measures 15" x 20".
- Infeed and outfeed rollers extend 15" on each side of table.
- Dual table locks prevent movement while planing.
- Magnetic switch is standard equipment and gives overload protection.
- Minimum thickness of board that can be fed is 1/4".

SPECIFICATIONS:

- Maximum cutting width 14 1/4"
- Maximum cutting height 6 1/8"
- Maximum cutting depth 1/4"
- Rate of feed 16 FPM & 20 FPM
- Cutterhead speed 5000 RPM
- Number of knives 3
- Motor size 3 H.P., 220V, single phase
- Shipping weight approx. 540 lbs.

SHOP FOX® MOBILE BASE
MODEL G7315 ONLY \$89⁹⁵

We had the privilege of visiting Al Rosen at his shop and caught him in action using his G1033 20" Planer. Al is a renowned master craftsman in the Pacific Northwest and depends on a number of Grizzly machines to produce very high-end work. Al is shown finishing a chair which is part of an extensive dining room set.

"My Grizzly 20" planer has been a real workhorse in the shop and has planed hundreds of thousands of board since 1992 with no problems. It req. very little set-up when I bought it and has stayed in good adjustment ever since."

Al Rosen

THE AMAZING SHOP FOX® MOBILE BASES

G7315
shown holding
up 5,000 lbs
during Shop Fox®
testing!

PATENTED

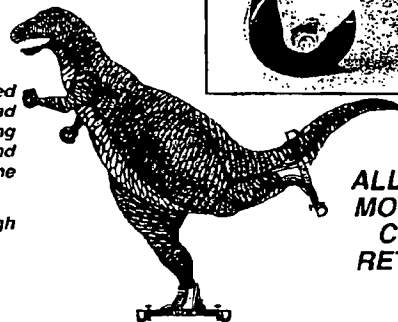

Wood® magazine
Oct 1999

"When we reviewed mobile bases in the December 1998 issue, we preferred those models that could change in size to adapt to different machines, had four points of support for stability, featured rigid construction for holding heavy machines with good stability, could maneuver in tight shops, and required no tools for leveling. That's quite a list of demands, and none of the mobile bases filled the whole bill – until now.

After testing two sizes of the new Shop Fox® mobile bases we give them high grades in all of the above-mentioned areas."

WHEELS/CASTERS

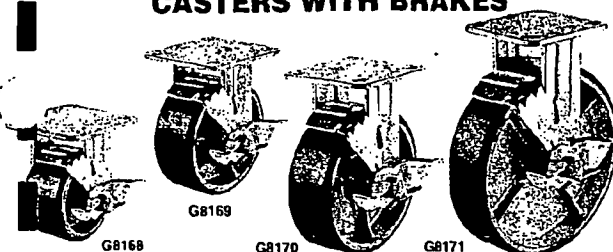

HEAVY-DUTY FIXED CASTERS

ugged, heavy-duty wheels with an injection molded polyurethane elastomer tire surface. Polyurethane is hard wearing, handles high loads and will not mark the floor. Caster mounting pad has slotted holes with a 3" x 3/4" rectangular hole pattern. Wheels have roller bearings which can be greased using the grease fitting. Wheels are all 2" wide.

MODEL	Wheel Dia	Height	CAPACITY	PRICE
G8164	4"	5 3/4"	550 lbs.	\$6.95
G8165	5"	6"	600 lbs.	\$8.95
G8166	6"	7"	725 lbs.	\$11.95
G8167	8"	9 1/2"	770 lbs.	\$14.95

HEAVY-DUTY FIXED CASTERS WITH BRAKES

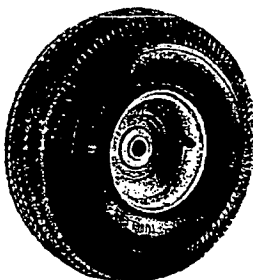

All the same great features and dimensions as the wheels described above, with the addition of a sure lock braking system. Foot operated pedal seats the steel friction pad against the outer diameter of the wheel, holding it in place until you turn it loose with a flick of the toe.

MODEL	SIZE	CAPACITY	PRICE
G8168	4"	550 lbs.	\$7.95
G8169	5"	600 lbs.	\$9.95
G8170	6"	725 lbs.	\$12.95
G8171	8"	770 lbs.	\$16.95

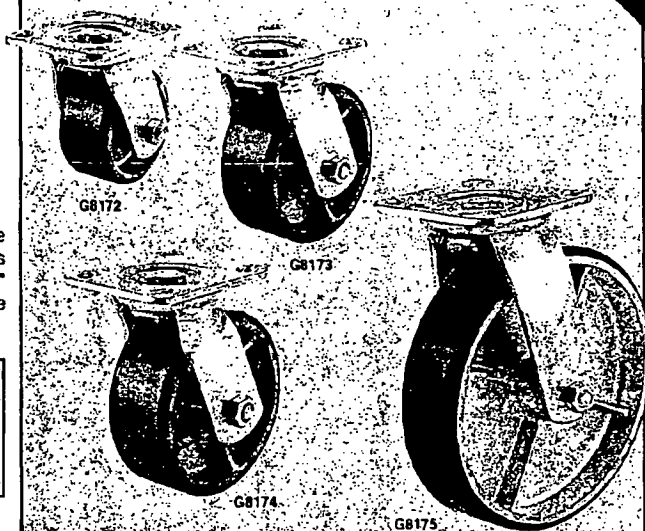

10" TUBELESS WHEEL

Excellent replacement for wheelbarrows, air compressors, carts or any type of equipment needing a large pneumatic wheel. Hub is 4 1/2" diameter with a 3/4" bore and has two sets of roller bearings. The reverse side from the one shown has a 1 1/4" deep boss extending out with a fitting for greasing the bearing. The tire is 2-ply nylon rated for a max load of 260 lbs at 30 PSI inflation. Tire size is 10" / 3.50-4.0 with an overall thickness of 3.5" and a ribbed tread design. Not for use on highway.

MODEL	SIZE	PRICE
G8751	10"	\$8.95

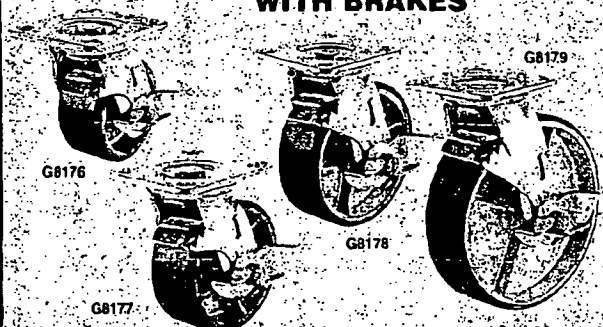

HEAVY-DUTY SWIVEL CASTERS

Do a little free-wheelin' with these fantastic 360° swivel caster sets. Grease fittings for the swivel and the wheel bearing makes maintenance easy. Polyurethane molded tire has great wear characteristics and won't leave a mark! Mounting pad has a 3" x 3/4" rectangular hole pattern.

MODEL	Wheel Dia	Height	CAPACITY	PRICE
G8172	4"	5 3/4"	550 lbs.	\$7.95
G8173	5"	6"	600 lbs.	\$8.95
G8174	6"	7"	725 lbs.	\$12.95
G8175	8"	9 1/2"	770 lbs.	\$16.95

HEAVY-DUTY SWIVEL CASTERS WITH BRAKES

Now you can get the swivel casters described above with a foot operated brake. Just get your cart or machine into place, and with an easy step on this locking pad, you have fixed your load in place. It won't budge until you release it!

MODEL	SIZE	CAPACITY	PRICE
G8176	4"	550 lbs.	\$8.95
G8177	5"	600 lbs.	\$9.95
G8178	6"	725 lbs.	\$13.95
G8179	8"	770 lbs.	\$17.95

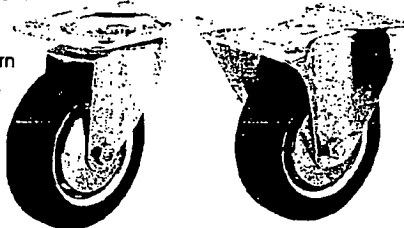

WHEELS/ CASTERS

WHEELS/CASTERS

BLACK RUBBER CASTERS

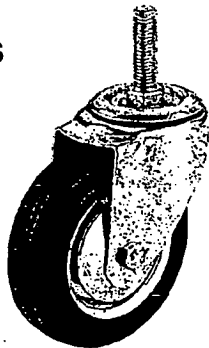

Heavy-duty solid rubber tire casters are perfect for whatever you need to move. In fixed and swivel versions with three different wheel sizes. On the 4" and 5" models the mounting bolt pattern measures 2 1/4" x 2 1/4", on the 6 1/4" size, the bolt pattern is 4 1/4" x 2 1/4". Integral hub shield helps keep dirt and foreign objects out.

MODEL	SIZE	CAPACITY	PRICE
H0637	4" FIXED	150 LBS.	\$4.50
H0638	5" FIXED	220 LBS.	\$5.75
H0639	6 1/4" FIXED	320 LBS.	\$7.95

PALLET JACK - 2 TON CAPACITY

Sized to handle most wooden pallets, this commercial-quality pallet jack features easy-to-use pump-style hydraulic jacking with a convenient lever release. Slightly narrower than many pallet jacks on the market, this model offers added control in tighter quarters, making it the ideal jack for smaller shops and storage areas. Lifts 7 1/2" high. Forks measure 2" tall x 6" wide x 47" long and they're 15" apart. Shipping weight 192 lbs.

CARTS

FURNITURE DOLLY (900 LB. CAPACITY)

Padded with carpet to protect fine finishes, this 18" x 30" furniture dolly is ruggedly built of select hardwood and 4" solid rubber casters. Don't make a move without it. Shipping weight approx. 18 lbs.

MODEL G7109 ONLY **\$19⁹⁵**

FURNITURE PLATFORM DOLLY

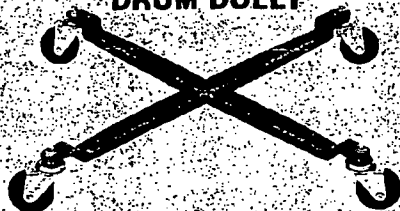

(1000 LB. CAPACITY)

This solid surface, kiln-dried hardwood furniture dolly is a real time and back saver. Features eased edges and 4" solid rubber casters all the way around. Measures 36" long by 24" wide. Shipping weight approx. 30 lbs.

MODEL G7110 ONLY **\$37⁵⁰**

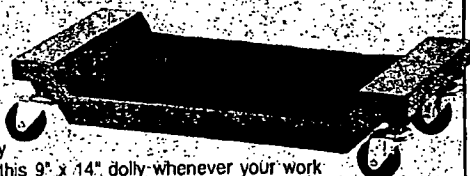

DRUM DOLLY

Sized for 55 gallon drums, this 650-lb. capacity drum dolly features four 3" swivel casters for effortless mobility. Recessed base design locks drum to the dolly so the drum won't slide off. Ideal for 2-stage, drum mounted dust collectors.

MODEL G8157 ONLY **\$24⁹⁵**

KNEE SAVER DOLLY

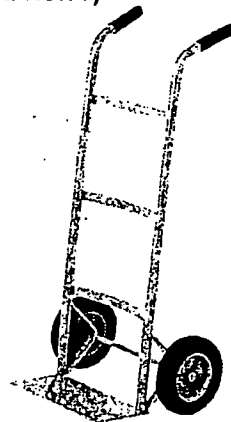

Give your body a break! Use this 9" x 14" dolly whenever your work requires extended kneeling on concrete, wood or pavement. This affordable dolly features a high-density 3/4" rubber pad that cushions your knees and lower back from needless fatigue. Rugged 2" ball-bearing casters make it easy to move quickly and comfortably while kneeling.

MODEL G8078 ONLY **\$17⁹⁵**

HAND TRUCK

(220 LB. CAPACITY)

Wide swept rubber grips and solid 8" x 1 3/4" tires with rugged lug treads deliver excellent, affordable control for loads to 220 lbs. Durable welded steel frame provides years of dependable service. 39 3/4" H x 18 W x 14 3/4" D.

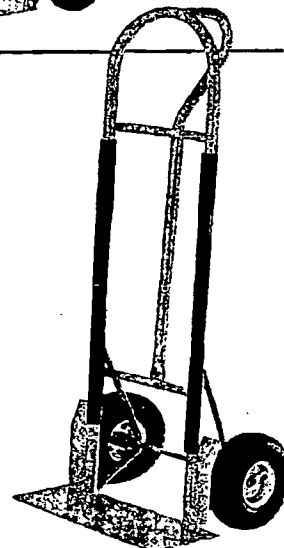

MODEL G8158
ONLY **\$18⁹⁵**

HAND TRUCK

(550 LB. CAPACITY)

Pack this heavy-duty hand truck with up to 550 lbs. of cargo in its upright position, or lay it down on its tough, tubular handle for convenient horizontal loading. Premium steel frame features flat reinforcement plates and guards to prevent wheel friction under load. Extra-large 10" x 3 1/2" pneumatic lug wheels. 53" H x 21 1/2" W x 19 1/2" D.

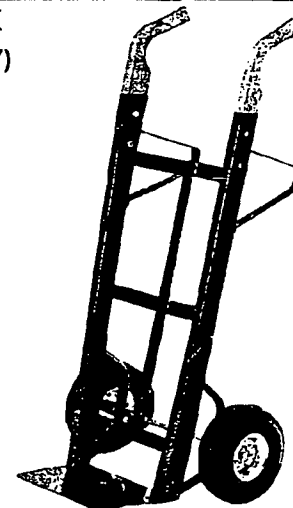

MODEL G8159
ONLY **\$39⁹⁵**

HAND TRUCK

(550 LB. CAPACITY)

Railroad-style hand truck incorporates a gentle tilt toward the operator that helps balance your load and minimize the possibility of an unscheduled off-load. Hefty 550 lb. capacity. Brawny steel frame with comfortable textured wood grips and 10" x 3 1/2" pneumatic lug wheels. 48 1/2" H x 21 1/2" W x 19 1/2" D.

CARTS

FOR YOUR GARDEN

NURSERY DOUBLE CART (350 LB. CAPACITY)

Distribute up to 350 lbs. of payload between two high-capacity steel grate shelves and enjoy the convenience of complete mobility! This ruggedly-constructed cart places a wealth of items within easy reach on its top shelf, while the lower shelf provides an excellent storage location for spares. Large 10" x 3 1/2" pneumatic lug wheels roll easily over a wide variety of surfaces. Includes a pivoting tube-steel steering handle. 38"L x 20"W x 32"H. Shipping weight approx. 70 lbs.

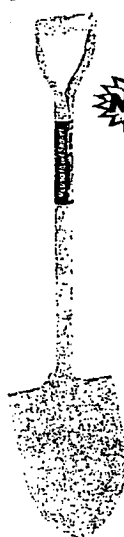

MODEL G8155 ONLY **\$119⁹⁵**

NURSERY PLATFORM TRUCK (350 LB. CAPACITY)

Designed primarily for the nursery industry, this platform truck with extra-large 10" x 3 1/2" pneumatic lug wheels is perfect for just about anything weighing up to 350 lbs. Heavy-gauge grating provides superior strength and support. Tubular steel steering handle delivers plenty of leverage for confident control over a variety of surfaces. 48"L x 24"W x 13"H. Shipping weight approx. 64 lbs.

MODEL G8154 ONLY **\$79⁹⁵**

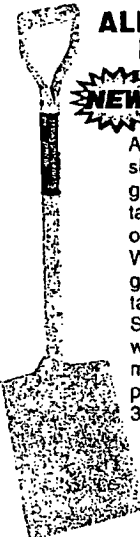

ALL STEEL ROUND HEAD SHOVEL

NEW

The D-handle on this shovel makes trenching or turning the garden soil an easy task. The top edge of the shovel has a rolled edge to make it easier to apply foot pressure for digging in hard earth. The 14 gauge steel shovel head is swaged and welded onto a 1 1/2" diameter steel handle which is ribbed for strength. Shovel area measures approximately 9" wide by 11 1/2" deep, overall length is 38".

MODEL H0605
ONLY **\$9⁹⁵**

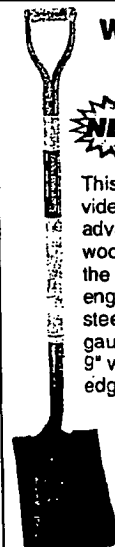

ALL STEEL SQUARE HEAD SHOVEL

NEW

A rugged all steel D-handle shovel perfect for moving gravel, garden mulch or any task where scraping material off of a flat surface is required. Welded construction and 14 gauge steel shovel head will take the toughest abuse. Shovel area measures 10" wide by 11 1/2" deep to maximize the amount of material per shovel load. Overall length 38".

MODEL H0606
ONLY **\$9⁹⁵**

WOODEN HANDLE SQUARE HEAD SHOVEL

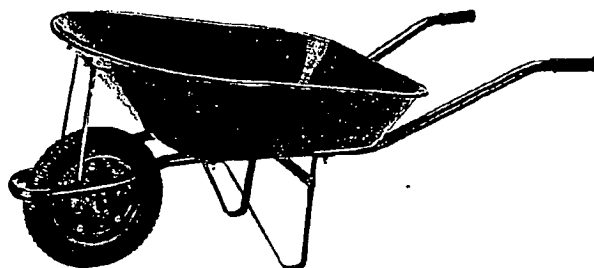

NEW

This 48 1/2" overall length shovel provides extra reach and ergonomic advantage to the taller user. The wooden handle is contoured to join the forged shovel socket with a steel rivet to avoid twisting. The 14 gauge steel shovel head measures 9" wide by 11" deep with a rolled top edge for a convenient foot hold.

MODEL H0607
ONLY **\$12⁹⁵**

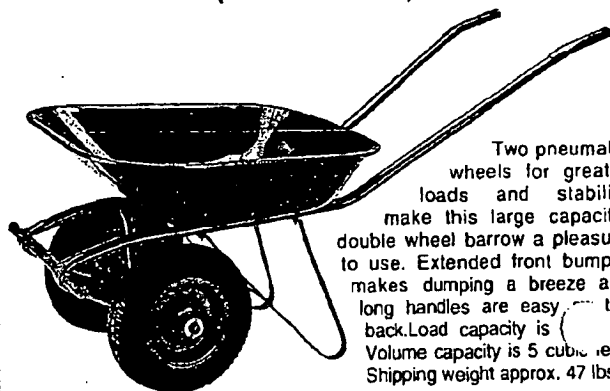

WHEEL BARROW (SINGLE WHEEL)

Tough enough for working around the job-site as well as around the yard, this large A capacity wheel barrow easily assembles for years of use. Features pneumatic wheel with an aggressive tread. Load capacity is 360 lbs. Volume capacity is 3 cubic feet. Shipping weight approx. 29 lbs.

MODEL G7103 ONLY **\$27⁵⁰**

WHEEL BARROW (DOUBLE WHEEL)

Two pneumatic wheels for greater loads and stability make this large capacity, double wheel barrow a pleasure to use. Extended front bumper makes dumping a breeze and long handles are easy on the back. Load capacity is 450 lbs. Volume capacity is 5 cubic feet. Shipping weight approx. 47 lbs.

MODEL G7104 ONLY **\$49⁹⁵**

HAND HELD EDGE BANDER

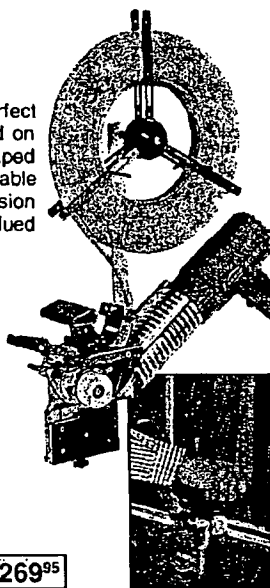

Portable edge bander is the perfect answer for shops doing custom and on the job work. Bands straight and shaped pieces and sets up in minutes. Adjustable clamping pressure ensures precision work and stability. For use with pre-glued PVC, melamine and wood veneer.

FEATURES

- Double insulated 1,500 W
- Max banding width 2"
- 2 temperature settings 572°F, 977°F with hot air crowling

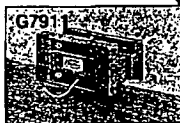

MODEL G7910 ONLY \$269⁹⁵

Welcome to the Grizzly Wood Store. Due to frequent customer requests we've added the most popular domestic and exotic hardwoods to our selection of fine tools. Our buyers go to the mills and purchase full truck loads of these woods, which are then processed by us at our own plant and shrink wrapped for shipping. Each piece is individually inspected and meets Grizzly's high grading standards. Buy with confidence.

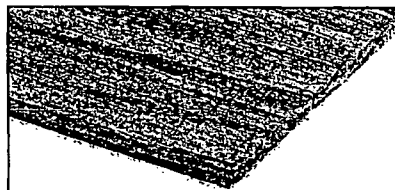

RED OAK

QUERCUS RUBRA: Natural to pink in color sometimes with white and gray. Coarse open grain. Very strong, hard, stiff and heavy. Great wear resistance. Glues well.

PEN MAKING STARTER KIT

This complete starter set includes: 3/32" drill bit and 7mm mandrel kit, 2 polishing bars, 5 pen blanks (assorted species), curing agent, sanding strips and a detailed instruction manual. An excellent value!

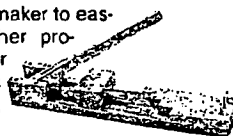

MODEL H2330 Starter Kit ONLY \$65⁹⁵
MODEL H2331 Ballpoint 5 pk ONLY \$3⁹⁵

PEN MAKING ITEMS

PEN RAM

Allows the pen maker to easily press together progressively longer pen segments on a moveable, stepped board.

MODEL H2326 ONLY \$34⁹⁵

PERFECT POLISH COMBO

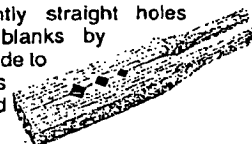

Light and dark Perfect Pen Polish bars give a rich satin finish and remove fine scratches at the same time. 4 oz. bars.

MODEL H2329 ONLY \$7⁹⁵

PEN DRILLING JIG

Drill consistently straight holes through pen blanks by clamping one side to your drill press table. Designed for production.

MODEL H2327 ONLY \$14⁹⁵

CRYSTAL COAT

Just a drop of this mixture of shellac and water resistant carnauba wax produces a glass-like finish in seconds.

MODEL H2328 ONLY \$6⁹⁵

METALWORKING BOOKS

BOOKS

CNC PROGRAMMING HANDBOOK

NEW

This up-to-date guide includes information on various programming techniques from basic to the most advanced concepts. Includes 1,000 illustrations, tables, formulas, tips, shortcuts and real-world examples. 600 pages hard cover.

MODEL H1140 \$69.95 ONLY \$65.95

DIE MAKERS HANDBOOK

NEW

This book has been prepared to help avoid the pitfalls associated with stamping designs, die designs and stamping die function. Designed for the advanced apprentice die maker, young journeyman die maker and students of die design. 212 pages hard cover.

MODEL H1141 \$27.95 ONLY \$25.95

REFERENCE BOOK

This handy pocket reference is packed with essential charts and formulas for the woodworker and home shop machinist. Includes plenty of handy conversion charts, mathematical formulas, mapping scales, lumber sizing and grading information. 496 pages.

MODEL G3382 ONLY \$9.95

WELDED JOINT DESIGN, 3RD ED

This highly illustrated book provides a clear and concise explanation of how welded joints and structures are designed and of the constraints which welding may impose on the design. 142 pages.

NEW

MODEL H1145 \$40.95 ONLY \$46.95

WELDING AND CUTTING

232 pages of practical and insightful information on fusion welding and its associated cutting processes. An excellent blending of practical "tricks of the trade" and detailed specifications that will bring out the best of your welding capabilities.

MODEL G4983 \$34.95 ONLY \$31.95

MACHINE SHOP PRACTICE - VOL. 1

Karl Hans Moltrecht's 496-page compendium of metalworking operations delivers the ultimate teaching and reference tool for basic cutting operations, layout work, lathe turning, drilling operations, taper and angle turning and boring work. Written to aid the beginner as well as the experienced machinist or engineer.

MODEL G4985 \$18.95 ONLY \$18.95

MACHINE SHOP PRACTICE - VOL. 2

Karl Hans Moltrecht continues the most fundamental reference available with the 517-page Volume Two of his Machine Shop Practice series. In this second volume, Moltrecht covers shaper and planer work as well as milling and grinding operations.

MODEL G4986 \$18.95 ONLY \$18.95

THE HOME MACHINIST'S HANDBOOK

A complete do-it-yourselfer's guide for the home machinist. Includes hints and tips on how to set up your own shop and projects from a machinist's jack to a ship's cannon to everything in between. 275 pp.

MODEL G5053 \$18.95 ONLY \$18.95

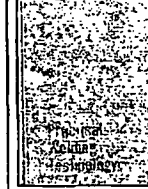

BASIC MACHINING HANDBOOK

From timeless to the most up-to-date machinists' techniques, this 281-page book offers start-to-finish discussion of machining practices, as well as complete step-by-step checklists for precision, on-the-job support. Covers computer-aided systems, as well as traditional machining technology.

MODEL G4982 \$29.95 ONLY \$26.95

PRACTICAL WELDING TECHNOLOGY

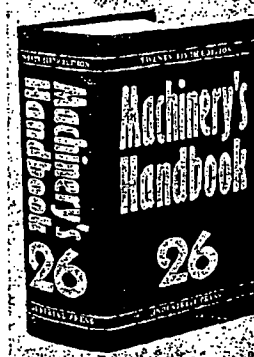

Since 1983, Rudy Mohler's Practical Welding Technology has been the favored "self-help" book for the working welder. Mohler provides the tools you'll need to perfect your traditional and exotic welding and cutting techniques. 220 pages of easy-to-understand text and excellent detailed illustrations.

MODEL G4984 \$29.95 ONLY \$26.95

MACHINERY'S HANDBOOK

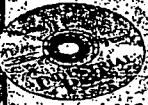

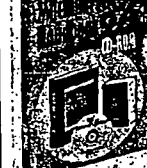

For more than 80 years, Erik Oberg's 2,547-page handbook has been the benchmark by which machinists' and engineering texts have been judged. Includes a wealth of information on:

mathematics, mechanics, measurements and materials. A must-have for the amateur or professional.

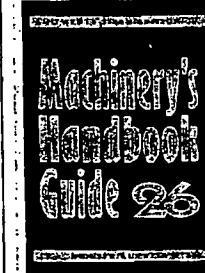

MODEL G4980 ONLY \$69.95

CD ROM EDITION

MODEL G7960 ONLY \$69.95

MACHINERY'S HANDBOOK GUIDE

Designed as an aid in the efficient use of the Machinery Handbook. Hundreds of examples with test questions and answer keys selected especially for engineering and trade schools, apprentice-ship and home-study courses. 249 pages.

MODEL G4981 \$14.95 ONLY \$12.95

NEW WELDING ESSENTIALS

A concise yet thorough introduction to the topic of welding, this book is designed for educators, engineers, contractors, fabricators, hobbyists and beginning welders. It presents the topic in a comprehensive question-and-answer format so the reader can quickly locate a subject. 352 pages, illustrated.

MODEL H1293 \$29.95 ONLY \$26.95

DUE TO THEIR NATURE, BOOKS ARE NON-RETURNABLE. DEFECTIVE BOOKS WILL BE REPLACED.

HINGES

Order by volume and save even more! To order is as simple as 1-2-3!

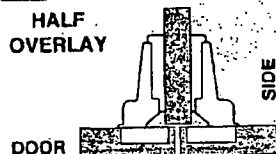

1. Choose the application and the degree of opening.
2. Select the type of hinge — "Full Overlay" or "Half Overlay".
3. Calculate the number of hinges you need. (Screws not included.)

FULL OVERLAY

FULL OVERLAY means that when the cabinet door is closed, you don't see any "reveal" around the door.

HALF OVERLAY

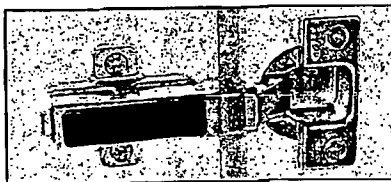

HALF OVERLAY means that when the door is closed, you can see a "reveal". Use half overlay hinges for middle cabinets and use:

- 2 hinges for doors under 35 1/2" / 20 lbs.
- 3 hinges for doors under 63" / 40 lbs.
- 4 hinges for doors under 79" / 60 lbs.

EUROPEAN-STYLE HINGES

**SNAP-ON AND OFF
SELF-CLOSING**

(110° Hinge Shown)

110° EUROPEAN-STYLE

Maximum overlay 21mm (3/4")

This hinge gives you that extra swing for complete access. Used for general purpose applications, hinge is all metal and self-closing. Maximum door thickness is 3/4" (22mm). Easy snap on/off for door removal. 3 way adjustable.

HINGE TYPE	SCREWS	MODEL #	PRICE		
			EACH	50-99	100+
Full Overlay	Wood	G4769	\$3.95	\$3.49	\$2.99
Half Overlay	Wood	G4770	\$3.95	\$3.49	\$2.99

CONCEALED HINGES

120° EUROPEAN-STYLE

Maximum overlay 19mm (3/4")

An all-purpose, self-closing hinge gives ample room for easy accessibility such as under sinks and other storage areas. Maximum door thickness is 3/4" (22mm). Easy snap on/off for door removal. 3 way adjustable.

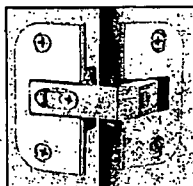

HINGE TYPE	SCREWS	MODEL #	PRICE		
			EACH	50-99	100+
Full Overlay	Wood	G4771	\$5.49	\$5.29	\$4.99
Half Overlay	Wood	G4772	\$5.49	\$5.29	\$4.99

165° EUROPEAN-STYLE

This all metal concealed hinge is 3 way adjustable and self-closing. Used in unobstructed access areas where a full opening is needed. Also works great for various computer and entertainment unit furniture. Maximum door thickness is 1" (25mm). Zero protrusion in full overlay application for pull out drawers.

HINGE TYPE	SCREWS	MODEL #	PRICE		
			EACH	50-99	100+
Full Overlay	Wood	G4773	\$5.49	\$5.29	\$4.99
Half Overlay	Wood	G4774	\$5.49	\$5.29	\$4.99

CORNER HINGE

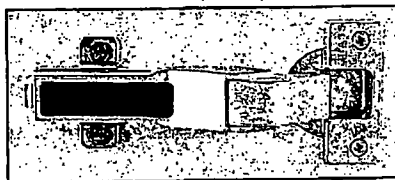

Utilized in corner situations under counters, these hinges allow you the fullest access for storage. All metal. Maximum material thickness is 1" (25mm).

MODEL #	WOOD THICK.	SCREWS	PRICE		
			EACH	50-99	100+
G4775	3/4"	Wood	\$5.95	\$5.49	\$4.99

45° CROSS CORNER

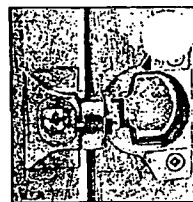

Designed for diagonal corner cabinets, this hinge is self-closing and 3-way adjustable. Its small turning radius and all metal construction make it a very functional hinge. Used for corner cabinets. Maximum door thickness is 3/4" (22mm).

MODEL #	SCREWS	PRICE		
		EACH	50-99	100+
G4776	Wood	\$5.49	\$5.29	\$4.99

105° FACE FRAME

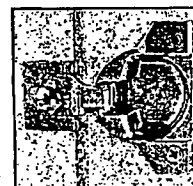

This all metal nickel-plated hinge is self-closing and is used for face frame construction where a sturdy, concealed hinge is needed. Totally adjustable. Maximum door thickness is 3/4" (19mm).

MODEL #	OVERLAY	SCREWS	PRICE		
			EACH	50-99	100+
G4777	1/2"	Wood	\$2.95	\$2.49	\$2.29
G4778	3/4"	Wood	\$2.95	\$2.49	\$2.29

ONE PIECE FACE FRAME

This all metal concealed economy hinge for face frame cabinets features an extremely low profile. One piece construction makes for simple installation. 1/2" overlay. Door thickness is 5/8" (16mm), 3/4" (19mm) with front door beveled. Height adjustment only.

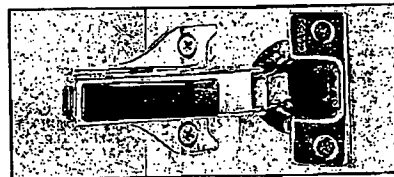

105° SWING!

METAL LATHES

COMBO LATHE/MILL

New and improved! We took our basic combination Metal Lathe/Milling Machine and increased it's capacity and usability. Start with a lathe spindle bore of over 1" and a longer bed. Then add more change gears, inch-cut lead screws, 4" 3-jaw chuck, reversing switch and so much more. This is an excellent machine for anyone, from the beginning machinist to the seasoned machinist. You get a lot of machine in a very small package with all the features you need for just about any job!

FEATURES:

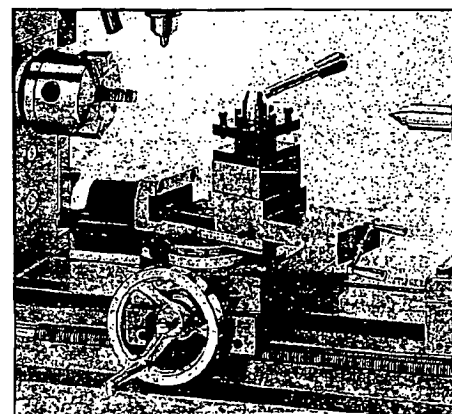

- T-slots in cross slide
- Cuts inch and metric threads
- Turret tool post
- 4" 3-jaw chuck
- Tailstock offsets 1/2"
- Built-in vise

SPECIFICATIONS:

Swing over bed	16 1/2"
Swing over saddle	11 1/2"
Distance between centers	19.2"
Spindle taper	MT#4
Mill drill spindle taper	MT#3
Draw bar	3/4" - 16 TPI
Tailstock barrel travel	1 1/4"
Cross slide travel	4 1/2"

EXTRA BLADES ON PAGE 370

9" x 16" METAL-CUTTING BANDSAW

This saw should be the workhorse in your shop! Besides having a huge cutting capacity it features 3 ball bearings per side on the blade guides for optimal control and accuracy. Both blade control arms are adjustable, allowing them to be positioned as close to the cut as possible. This means reliably accurate cuts! Chip tray, hydraulic down feed, coolant pump, nozzle, work stop and hinged blade wheel doors for easy access.

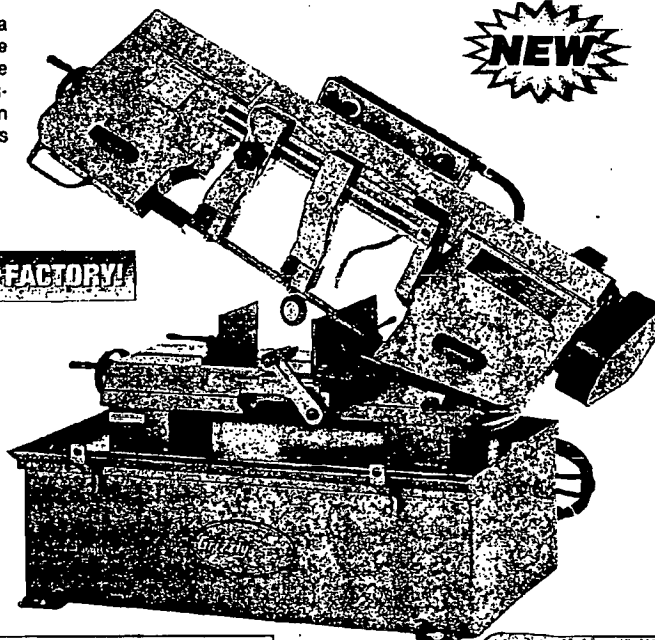

FEATURES:

- Centralized control panel on top of saw bow
- Heavy-duty, all-steel, one-piece base
- Adjustable hydraulic down-feed – just dial your feed rate on the control panel
- Worm gear box has hardened and ground gears
- Quick-release vise for fast job changes
- Miter cutting ability
- Blade wheels have heavy-duty ball bearings
- Magnetic safety switch

SPECIFICATIONS:

Blade size 1½" x .035" x 121½"
 Blade speeds 114, 196, 288, 377 FPM
 Max. capacity rectangular @ 0° 5" x 16"
 Max. capacity circular @ 0° 9"
 Max. capacity rectangular @ ±45° 6" x 7½"
 Max. capacity circular @ ±45° 6"
 Motor size 1½ H.P., 220V only, Single Phase
 Miter cutting capacity 45°
 Approx. shipping weight 814 lbs.

24 HOURS A DAY!

SHIPPING

We make every effort to ship all orders within 24

hours. Federal Express, UPS next day & second day charges will be quoted upon request. However, because these services are optional, their cost is non-refundable.

PLEASE NOTE:

All checks received must have the customer's name, street address, phone number, and check number pre-printed on the front so the check can be processed through our check guarantee service.

NAME	Address	City	State	ZIP
Pay to the order of _____				

Unfortunately, orders received that do not include this information will be held for three weeks to insure that the check has cleared.

**PUERTO RICO, GUAM,
VIRGIN ISLANDS &
U.S. TERRITORIES**

Shipping charges will be quoted at current rates to these areas. Items will be shipped parcel post or first class mail. Also, any special handling or shipping needs will be added to the shipping quote.

NEXT DAY AIR:

10 LBS. ONLY \$24.95

FOR ITEMS OVER 10 LBS.
PLEASE CALL FOR QUOTE

Due to our 3 centrally located warehouses, most of our orders will reach you in 2-3 working days, depending where you live, with regular ground transportation. However, this is not guaranteed. Freight shipments usually take 3-5 working days - again this is a general guide and is not guaranteed.

ORDERS BY MAIL:

STEP 1 Neatly PRINT your name and address (including zip code) on the lines provided. Also include your daytime telephone number, just in case we need to contact you regarding your delivery or order.

STEP 2 If you would like us to ship your order to an address different than that listed in STEP 1, please print the name and address on the lines provided, as listed above. Please include a daytime phone number.

STEP 3 List the items you would like to order with their quantity, Model #, full description, price each and freight. We request that you double check this information to ensure that the Model #, description and freight charge (where applicable) correspond with the item(s) you are ordering.

STEP 4 Add the cost of the items you have ordered plus freight (where applicable) and write this number in the space marked "SUB-TOTAL". Machines must have freight charges added to the order. Freight charges are listed next to catalog prices.

STEP 5 Add your sub-total together with the appropriate shipping & handling fee (for total of items under 70 lbs.), applicable sales tax and any additional charges which you have listed. Write the total charge in the bottom box.

ORDERING INFORMATION

HOW TO ORDER - IT'S EASY!

PHONE - 1-800-523-4777: You can order 24 hours a day. Call our toll-free number between 8:00 am - 8:00 pm, Mon - Fri or 8:30 am - 1:00 pm ET on Saturdays to speak with one of our friendly sales people or you can use our automated voice mail system. Just follow the options to place your order.

INTERNET - www.grizzly.com: You can shop electronically via our online store. It's fast, easy and secure. Visit often since we have many specials and discontinued items not offered in our catalog or retail stores. We will E-mail you confirmation of your order.

FAX - 1-800-438-5901: You can use our handy order form and fax it directly to us. We will process your order through our nearest distribution center for fast delivery.

MAIL - P.O. Box 3110, Bellingham, WA 98227: Fill out the order form by following Step 1 through Step 5. We accept Visa, MasterCard, discover, cashier's checks, money orders, bank wire transfer and personal or business checks. Send full payment in U.S. funds. All personal and business checks must have the customer's name and check number preprinted on the front of the check in order to process for immediate shipment. **Important:** Checks not preprinted with the correct information will hold up the order for approximately 3 weeks. Please include your day time telephone number in case there are questions regarding your order.

SHIPPING YOUR ORDER: We make every effort to ship your order within 24 hours. In most cases it will go out the same day. Due to our 3 centrally located warehouses, motor freight shipments (over 70 lbs.) usually take 3-5 working days. Standard orders (non-freight items) will typically arrive in 2-3 working days. This information should be used as a general guide and is not guaranteed.

NON-FREIGHT ORDERS (ITEMS UNDER 70 LBS.):* Items under 70 lbs. are assessed a shipping and handling fee based on the total dollar amount of the items. Orders that do not have freight items will be shipped by ground transportation unless otherwise specified.

SHIPPING AND HANDLING CHARGES FOR ALL 50 STATES: (Items under 70 lbs.)

Item Total	Shipping
Less than \$24.99	add \$5.50
\$25.00 to \$49.99	add \$6.50
\$50.00 to \$74.99	add \$7.50
\$75.00 to \$99.99	add \$8.95
\$100.00 to \$199.99	add \$9.95
\$200.00 or more	add \$10.95

TRUCK FREIGHT ORDERS (MACHINERY OVER 70 LBS.):* We have gone to a flat rate shipping program for those items over 70 lbs. so you know exactly what your cost will be. This program applies only to the lower 48 states. We have listed the shipping charge for each machine next to the price (charges vary per machine). See inside order form for an example of how to apply this to your order.

Orders outside the continental U.S. including Alaska and Hawaii will be quoted at current rates. See Shipments Outside U.S..

*Orders that contain both freight and items under 70 lbs. must include the flat rate shipping fee per item and the shipping and handling fee based on the total dollar amount of those items under 70 lbs.

Truck drivers are subject to a number of regulations, one of which is that they are not required to give assistance unloading. Please be prepared for this "curbside" delivery, as you are responsible for unloading the item(s) and placing them in your shop. This normally takes a couple of "friends".

We recommend that you make arrangements with the trucking company to take delivery at the freight terminal if you can. They will load it onto your vehicle. Make sure your vehicle is capable of handling the weight. Also, bring plenty of tie downs to properly secure the load.

Some terminals have other delivery services available, such as lift gate service, for an additional cost. These services vary from terminal to terminal, so remember to ask the trucking company when they call to make delivery arrangements. You are responsible for these additional costs.

SHIPPING DAMAGE: We have great service from the trucking companies we deal with. However, sometimes shipping damage can occur. It is extremely important to inspect and note any damage that might be suspect. Holes, dents, tears, etc. should be noted on the form the driver gives you to sign accepting delivery. These notations will allow us to make a claim for shipping damage on your behalf. Failure to do so makes it extremely difficult to make a claim. If there is shipping damage and you have noted it on the delivery form, you can E-mail us at csr@grizzly.com, call our Customer Service Department at (570) 546-9663 or fax us at (800) 438-5901. We will take care of all the necessary arrangements to have the problem resolved.

SHIPMENTS OUTSIDE U.S.: Orders will be quoted at current rates. Items will be shipped via parcel post or first class mail. Also, any special handling costs or shipping fees will be added to your order.

BACK ORDERS: If not specified, out of stock items will automatically be placed on back order and shipped immediately when made available. Credit cards will not be charged until item(s) are shipped.

RETURNS: Should you decide to return an item(s) for any reason, be it for refund, exchange or warranty, please contact our Customer Service Department at (570) 546-9663. They will take you step by step through the return process. Returns for refund or exchange must be within 30 days of purchase. Shipping and handling charges are not refundable. All returns must be in original packing, unused and in resalable condition.

All returns must have a return number on the outside of the package as our warehouse cannot accept C.O.D.'s or items without a return number. All returns are subject to a 10% restocking fee and merchandise must be shipped to us prepaid.

PARTS ORDERS: If you know the part number, please call our toll-free line at (800) 523-4777 for part orders. For warranted parts, or if you do not know the part number, please contact our Customer Service Department at (570) 546-9663. All parts are shipped from our Springfield, MO location and non-warranted parts are subject to shipping and handling charges as listed.

TECHNICAL SERVICE: Please contact our Customer Service Department before sending or bringing any item back for service. If it is determined that the best course of action is to send that item back to us for service, we will make every effort to repair and return that item to you in a timely manner.

DARN IT! We make every effort to be exact with our photography, specifications and copy. We also hold prices for as long as we can. Sometimes errors do occur and we apologize for them. We reserve the right to make changes and correct errors to products and specifications at any time. We also reserve the right to limit quantities and change pricing. Thank you for your understanding.

PRIVACY POLICY: We make our customer information available to select companies so they may contact you about products and services that may be of interest to you. If you do not want your name(s) passed on to other companies for the purpose of receiving marketing offers, please contact us at (800) 523-4777 and we will be happy to respect your wishes.

LIMITED WARRANTY

Grizzly warrants every product it sells for a period of 1 year to the original purchaser from the date of purchase. This warranty does not apply to defects due directly or indirectly to misuse, abuse, negligence, accidents, repairs, improper wiring, alterations or lack of maintenance. This is Grizzly's sole written warranty and any and all warranties that may be implied by law, including any merchantability or fitness, for any particular purpose, are hereby limited to the duration of this written warranty. We do not warrant or represent that the merchandise complies with the provisions of any law or acts unless the manufacturer so warrants. In no event shall Grizzly's liability under this warranty exceed the purchase price paid for the product and any legal actions brought against Grizzly shall be tried in the State of Washington, County of Whatcom.

We shall in no event be liable for death, injuries to persons or property or for incidental, contingent, special or consequential damages arising from the use of our products.

To take advantage of this warranty please call our Customer Service Department at (570) 546-9663. Proof of purchase must accompany the merchandise. Manufacturers reserve the right to change specifications at any time because they constantly strive to achieve better quality equipment.

Please Note: Merchandise covered by a manufacturer's warranty must be sent directly to the manufacturer for repair or replacement.
